I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS:

*I live in NYC and my Gyn. Dr. told me to use Madison Pharmacy Assoc. for my prescriptions as she felt they were the only reliable source for this. This medication has improved my life in many ways & now my government wants to limit the amount going out of state!! My health the quality of my life is threatened by this ill chosen linguistic phrase "inordinate amount" common sense and human decency should tell you this is the stuff that makes people loose respect for their govt.!*
