Docket No. 98N-1265 0634 99 MAY -6 P2:08
Food and Drug Administration

I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS: Since I began using the compounded medication I no longer have the severe sweating and discomfort and irritability that I experienced previously. I'm able to sleep and I'm much calmer which is greatly appreciated by my family and co workers. Please do not restrict the availability of individually compounded medications. Thank you.
