I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS:

This medication is only available through this pharmacy as I understand it (all natural hormones.)

It is the only medication which seems to alleviate the terrible menopausal symptoms I've suffered through

I urge you - please don't change the system for this.
