Docket No. 98N-1265 0170 99 MAY -6 P1:47
Food and Drug Administration
5600 Fishers Lane
Rockville, MD. 20857

I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS:

Just because the big pharmaceuticals finally "get it" is no excuse for them to try to put small pharmacies out of business. Especially since they're the ones who've serviced us for 20 yrs. I don't need your "protection" in this instance, FDA.

I consider this just another typical governmental regulation proposed to "help" the consumer, but instead aimed at protecting the large pharmaceutical companies' "territory" C1816
