

To the FDA:

RE: DOCKET NO. 98N-1265

I send this letter as a consumer of healthcare services to register my concern and disapproval of the Memorandum of Understanding as published by the FDA on January 21, 1999.

In its present form, the MOU, as well as the Compounding Section 503A of the Modernization Act, severely restricts the rights of the physicians and patients to obtain healthcare products from the provider of their choice. It also infringes on the rights of compounding pharmacists to serve the public's medical needs. As a healthcare consumer, there should be no restrictions to the delivery of a compounded medication prescribed for me, regardless of where I may live or may travel. The MOU must be amended!

Signed: *Barbara E. Lynn*

State of Residence: *Colorado*

Comments: *Until my physician prescribed my medicine from an out-of-state pharmacy, he had tried in every combination of medicines he could think of to help me find a good hormonal balance. Since I've been on the correct medicine I have had no problems at all.*
