**RE: Docket #2004N-0115**

On behalf of RVL S.C.O.R.E (Robbie Vierra-Lambert Spinal Cord Organization for Regaining Excellence), I urge you to oppose any importation legislation. We are very concerned that this type of legislation solves nothing and instead, risks the health of Americans by exposing them to counterfeit and illegal medications.

If importation legislation is approved, Americans will be subjected to potentially fake medications because the FDA will not be able to provide adequate safety provisions in regulating the incoming drugs.

The health of Americans will be placed in jeopardy by allowing them to be subjected to potentially dangerous therapies. Please vote "no" on importation legislation and help ensure that those suffering from chronic illnesses are taking safe medications.

Thank you,

CyCy Lambert
