Re: Qualified Health Claim Petition: Tomatoes, Lycopene and Various Cancers

Dear Dr. Kevala:

You have asked American Longevity (AL), petitioner for the above-referenced health claims, to agree to an extraordinary sixth extension of time to complete agency review of AL's pending claims. FDA requested an additional thirty days, until November 8, 2005. In our conversation on Friday, October 7, 2005 you stated that this would be the final extension and that you expected the decision to issue before November 8th although the date is not certain. AL grants the requested extension in reliance on your statement that the decision will be issued on or before November 8, 2005.

Sincerely,

Jonathan W. Emord
