Rockville, MD 20852

Dear Mr. Del Giorno,

Thank your letter regarding our Gluten Free products. At Boar's Head we go out of our way to provide the highest quality provisions available, therefore, we are proud to be able to tell you about all of our gluten free products. The enclosed letter will describe these items and allow you to make safe choices when shopping for our products.

If you need further assistance locating any of your favorite Boar's Head products or have any questions, you may contact us at 800-352-6277.

Thank you again for taking the time to write to us and for your continued patronage.

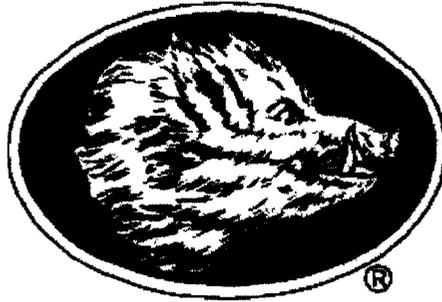

Sincerely,

*Kate Monley*

RE: Gluten Intolerance – Celiac Sprue

To Whom It May Concern:

There are no cereals, fillers, artificial colors or flavors used in manufacturing any of our Boar's Head Brand® meats. In addition, there are no vegetable gums, malts, wheat, rye, oats or barley used. For this reason, almost all of our products should be compatible with a gluten-free diet.

However, there are a few Boar's Head Brand products that do contain gluten or that we have no guarantee are completely gluten free. For this reason please avoid the following items for a gluten free diet:

Boar's Head Dutch Loaf  
Boar's Head Pickle and Pepper Loaf  
Boar's Head Hickory Smoked Pasteurized Process Gruyere Cheese  
La Rosa D'Oro Stuffed Cherry Peppers

All other Boar's Head Brand meats, cheeses and condiments are gluten free.

Of course we encourage you to always read labels, and check for any specific ingredients your doctor may want you to avoid. Always check the labels on store prepared entrees and sandwiches as they may contain gravies and sauces that contain gluten. If you have any further questions about these specific ingredients, please contact us at our Nutritional Information Line by calling 800-352-6277.
