Re: Docket No. 2005P-0166

Dear Mr. Rehm:

I am writing to inform you that the Food and Drug Administration (FDA) has not yet completed its review of your petition dated April 28, 2005, requesting, among other things, that the Agency require eye care professionals to disseminate literature upon prescribing distance glasses to children. Your petition raises issues that require additional review and analysis by the Agency. This interim response is provided in accordance with FDA regulations on citizen petitions (21 CFR 10.30(e)(2)). We will respond to your petition as soon as we have reached a decision on your request.

Sincerely,

Linda S. Kahan
Deputy Director
Center for Devices
and Radiological Health
