Re: Docket No. 2005P-0182/CP1

Dear Mr. McConachie:

I am writing to inform you that the Food and Drug Administration (FDA) has not yet completed its response to the issues raised in your citizen petition submitted on May 11, 2005, on behalf of Mr. Terry Fredeking and Antibody Systems, Inc. In your citizen petition, you raise issues related to FDA's April 14, 2003, Warning Letter and request that the Commissioner of Food and Drugs take certain actions in regard to this Warning Letter.

We issued an interim response dated October 24, 2005, and acknowledge receipt of your letters dated November 2, 2005, and February 22, 2006, in response to our interim response. We are actively considering your requests and supporting information stated in your citizen petition. However, because of the existence of other agency priorities, our final response to your petition has been delayed. We plan to complete and issue our final response to you in the near future.

Sincerely yours,

Jesse L. Goodman, M.D., M.P.H.
Director
Center for Biologics Evaluation and Research
