CO as Packaging Gas

Brother:

At the meeting on April 14, 1999, the Board of the Köttbranchens Riksförbund [the Swedish Meat Trade Association] decided to support the proposal by Norsk Kjøtt and KLF to submit a joint application to the EU Commission for the addition of CO to EU's list of additives. The plan should be to submit the joint application in June, 1999.

Sincerely,
KÖTTBRANCHENS RIKSFÖRBUND
