Docket 2006D-0480 – Draft Guidance for Industry on Complementary and Alternative Medicine Products and Their Regulation By the Food and Drug Administration; Availability Temporary Comment Number 118468

Date April 11, 2007

"Unless we put medical freedom into the constitution, the time will come when medicine will organize itself into an undercover dictatorship...denying equal privileges. All such laws are un-American and despotic...." These words were from a famous Physician; Benjamin Rush who's Signature is on the Declaration of Independence. There is a crisis in health freedom. On April 30, 2007 the FDA will close the public comment period on a "Guidance" which will classify every alternative practice as medicine so that only licensed physicians can carry out the procedure AND dispense of vitamins, minerals, herbs, etc., they will suddenly become "untested drugs" which will be forbidden. This is an assault on our health and freedom of choice. Hundreds of thousands die each year from the pharmaceutical drugs and yet CODEX and the FDA are concerned about our intake of vitamins. What every one of the members of the Anti-Aging Clinic Assoc., Inc. believes is; that Big Pharma is lobbying to stop the wellness industry, they see as infringing on their profits. These actions are strictly politically motivated and not motivated by so-called concerns for the health and welfare of the public. How dare any US Government agency try to restrict our ability to make choices regarding our health! The address for the FDA is: 5630 Fishers Lane, rm 1061, Rockville, MD 20852. The actual FDA website is posted on: <http://LiveLonger123.com> at the top left, where it says: "Please go to FDA Vote".

Presented by David and Stephanie Tippie, founders and directors of the Anti-Aging Clinic Assoc., Inc. in Lauderhill, Florida And, the hosts of the Aging Younger Show on 1040 AM radio.
