As a stage IIIb malignant melanoma patient, I urge you to approve Docket No. 2006N-0062 and RIN 0910-AF14.

Many Americans like me have the opportunity to benefit from the proposed changes and are counting on the FDA to take the appropriate action and enable them to gain access to additional treatment options.

Please feel free to contact me for any additional information at the above listed address, phone number or via email at opkva@netscape.net.

Thank you.
