Sub: Request to participate in the HL-7 Stability Pilot (Docket: 2006N-0181)

Dear Sir/Madam,

I am aware that the Agency is seeking volunteers to participate in the HL-7 Stability Pilot (Docket: 2006N-0181). I agree that Health Level 7 (HL7) data interchange standard and the analytical tools has potential benefit such as allowing consistent data presentation to the agency; allowing a reviewer to more efficiently and consistently display and evaluate product stability data submitted in electronic format.

I also agree that it could be a burden to applicants, and could cause a delay of filing applications to the FDA.

So I am very interested in this pilot project, and want to participate in the evaluation of the system and the process.

Please do not hesitate to contact me via telephone or e-mail if you have any questions. Looking forward to hearing from you soon.

Sincerely Yours,

Min Xia
