Rockville, Maryland 20857

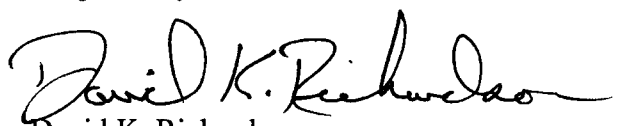

Dear FDA Commission:

Please find the enclosed formal petition regarding ZICAM™ nasal gel or any other brand of product which contains zinc gluconate and is administered through intranasal application. Pursuant to your guidelines, I have enclosed documents from both perspectives. I have not been able to find or perhaps not privy to additional supporting documents from the manufacturer's perspective other than what I have included. I have also enclosed (3) copies of all the printed documents on the enclosed compact disc.

The information provided here is only a sampling of the available data that can be acquired through a search on most internet browsers. I encourage you to explore this information or additional court documents which you may have access to.

Thank you for considering my petition.

Respectfully,

David K. Richardson  
5815 Kacey Meadows Drive  
Greensboro, NC 27410
