Dr. Harold Silverman
Professor
Massachusetts College of Pharmacy
179 Longwood Avenue
Boston, MA 02115

Dear Harold:

This is to confirm my conversation with you on July 5, 1984 relative to 'Trimolets' which was manufactured for Rorer (Aust) Pty. Ltd.

Since the manufacturing directions are considered proprietary information of a contract manufacturer, I cannot release a copy; however, I can confirm that the active ingredient in this product was d-Phenylpropanolamine Hydrochloride. The concentration in the finished product was 27.07% w/w.

I trust that this information is beneficial to you. Best regards.

Sincerely,

Bill

William E. Kinas
