From: Loretta Carey

In the 1991 ingredient labeling proposal published on June 21, 1991 (56 FR 28592 at 28605-28607) (Docket No. 90N-0361), there were several petitions (Docket Nos. referenced above) which covered many ingredient labeling issues other than the collective sweetener labeling issue. On page 28607 of the June 21, 1991 proposal, the agency denied the petitions (Docket Nos. referenced above) that requested exemptions from requirements for the listing of specific common or usual names for sweeteners.

We request that you use this memo to close the petitions referencing the Docket Nos. mentioned above.
