ROC Advisory Committee Meeting  
March 30, 2006/3:00 p.m.  
UAB, West Pavillion Board Room

As a part of Community Consultation, the ARC/ROC Advisory Committee held a meeting on March 30, 2006 on the UAB Hospital Campus in the West Pavillion Board Room. Topics of discussion in the meeting included background of the ROC, the role that UAB and other local IRB plays in the ROC, HIPAA laws and patients rights to opt-out of the clinical trial. The data collection to-date and how data is collected was discussed. A brief summary of the Hypertonic Saline Study and the Factorial Study was presented to all in attendance. Ways to reach the various communities to inform them of ROC. Such ways included print media (i.e. UAB Reporter, Birmingham News, ads in the Over the Mountain news), television, radio call-in shows, small local news outlets (Birmingham Business Journal, The Birmingham Times, Birmingham Weekly).
