Dear Dr. Pellicore:

We have finished the revision of our NDI application for Alka-Plex. It has taken a little longer than anticipated, but I believe that we have addressed all of the questions that were discussed on the phone with you back in December.

I will follow up with a call to your office during the week of January 30th thru February 3rd to be certain that if there are any initial questions, we might address them.

Again, we wish to thank you for your time on the phone with us, which proved most helpful.

Regards,

Dierdre Allen
