Re: New Dietary Ingredient Notification

Dear Sir/Madam:

In accordance with 21 C.F.R. §190.6, Amin Law, on behalf of its client, SK Chemicals, Inc., hereby notifies the U.S. Food and Drug Administration that the company intends to market the new dietary ingredient *Clematis mandshurica* and hereby submits the enclosed information in support thereof.

Please note that we had prior submitted notification for *Clematis mandshurica* on July 19, 2004 and FDA responded with their concerns on September 29, 2004. Since then after several conversations with your office, we have made substantive amendments to our notification. The current notification provides additional information in support of the new dietary ingredient notification. As such in accordance with 21 C.F.R. §190.6 (d) we respectfully request the FDA to reset the 75-day period.

An original and two copies of this notice are submitted pursuant to 21 C.F.R. §190.6(a). Please confirm receipt of this notice and maintain confidentiality of these submitted materials pursuant to 21 C.F.R. 190.6(c) and (e), respectively.

Thank you for your attention in this matter. Please call me if you have any questions at 312-327-3382.

Sincerely,

Rakesh M. Amin
