Section 403(r)(6) Notification

Dear Sir or Madam:

In accordance with the requirement of section 403(r)(6) of the Federal Food, Drug and Cosmetic Act, **LEINER HEALTH PRODUCTS** notifies the FDA that it has begun using the following phrase and statement:

Enhanced Antioxidant Activity

Science Driven Formula

Clinical studies demonstrate proven antioxidant abilities in protecting cells against free radical damage for normal heart function.

Grape Seed Extract boasts strong antioxidant protection and contains the phyto-nutrient Proanthocyanidin. This flavonoid scavenges free radical and may protect the arterial walls of the circulatory system.

Scientific research suggests that the phyto-nutrients contained in Grape Seed Extract can support the nutritional benefit of Vitamin E, for enhanced cellular protection.

Vitamin E is a powerful antioxidant, which helps prevent damage to the heart and supports heart cell health.

Page 2

Grape Seed Extract is an antioxidant, rich in Proanthocyanidins, flavonoids cited for their ability to maintain arterial health and flexibility, an important part of circulatory system well-being

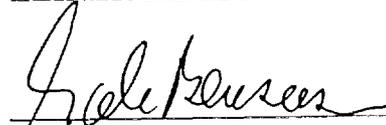

For optimum benefit, continued use of Advanced E with Grape Seed Extract is recommended.

on the following product:

Your Life® Advanced E with Grape Seed Extract

Very truly yours,

LEINER HEALTH PRODUCTS
