SECTION 403(r)(6) NOTIFICATION

Dear Sir or Madam:

In accordance with the requirements of section 403(r)(6) of the Federal Food, Drug and Cosmetic Act, Shaklee Corporation notifies FDA that it has begun using the following statements:

To help natural liver cell regeneration.

Research indicates that Milk thistle seed extract supports the body's normal ability to make proteins that help regenerate liver cells.

The natural bioflavonoid complex in milk thistle, Silymarin, has antioxidant properties that help maintain liver cell integrity.

Shaklee DTX is a unique combination of botanical ingredients that provide dietary support for the health and function of the liver.

Milk thistle seed, Schizandra chinesis and Reishi mushroom extracts have antioxidant properties, protecting

Shaklee Corporation

cells and supporting protein synthesis for liver cell repair.
Turmeric, Artichoke and Dandelion extracts help maintain
bile flow necessary to eliminate compounds detoxified by
the liver.

which contain the statutory statement, on the following product:

DTX

I certify that the foregoing is complete and accurate, and that Shaklee Corporation
has substantiation that the statements are truthful and not misleading.

Very truly yours,

Christopher Jensen, MS, RD
Director, Health Sciences
