**Section 403(r) (6) Notification**

Dear Sir or Madam:

In accordance with the requirement of section 403(r) (6) of the Federal Food, Drug and Cosmetic Act, **Leiner Health Products** notifies the FDA that it has begun using the following phrase and statement:

**Say "goodbye" to stiff, achy joints and hard-to-swallow pills! †**

**†From common over-exertion and day-to-day stresses – when used as a long-term approach to improved mobility.**

**Glucosamine and Chondroitin provide the nutrients necessary for healthy joints by nourishing the cartilage, synovial fluid and other connective tissue. Providing proper nutrition to joint tissue helps support maximum flexibility, range of motion and joint lubrication. Because Glucosamine and Chondroitin naturally supplement the nutrition of joints, noticeable improvements in flexibility, less stiffness and greater range of motion should be expected after taking this supplement as directed for about 6 weeks.**

on the following product:

**Beneflex™ Orange Flavored Glucosamine/Chondroitin Softchew**

Very truly yours,

**Leiner Health Products**
