Dear [Firstname],

I have just discovered a little problem in my warehouse that could turn out to be a real "bonanza" for you.

Here's the story. Several months back we had an employee who was in charge of maintaining stock levels. It was this individual's responsibility to see to it that we kept the precise quantity of each product on our shelves.

Unfortunately, he was not doing his job properly and we wound up with an extra 17,000 bottles of Glucosamine Sulfate. Oops!?! Yes, he's now an ex-employee.

You've heard of Glucosamine Sulfate before, right? It. . .

- Helps maintain healthy tendons and ligaments.
- Provides the natural building blocks essential for healthy joints.
- Promotes the growth of normal joint cartilage.
- Supports the creation of healthy synovial joint fluid.

The bottom line? This joint-nurishing ingredient helps maintain comfort in your knees. Hips. Shoulders. Back. Neck. Arms. Hands. And fingers. . . so you can move more freely.

Plus our Glucosamine Sulfate is the finest quality in the world. That means it is the most bio-available to your body.

So here's what we're doing to correct the problem. You'll love this. . . A one month supply of Glucosamine Sulfate normally goes for \$24.97. However, when you take a 4 month supply we'll reduce the price to just \$14.97 per bottle and also give you 2 more free bottles. So not only do you get a nice discount, you also get two more months for free.

That's a savings of \$89.94 in your pocket!

On top of that, you can pay us later. In two equal payments 30 days and 60 days after you get your Glucosamine Sulfate.

Then mail this letter back to us in the envelope provided. Remember, send no money now. Just return this signed letter and you'll be on your way to healthier, more flexible joints with a lot less discomfort.

Sincerely,

Jason Engel

P.S. Just a little heads up. Because this is such an unusual situation and frankly a really fantastic offer - I'm expecting this product to fly off the shelves. So if you have any kind of joint discomfort at all - you need to send in this letter immediately! - or risk losing out!

P.P.S. Glucosamine Sulfate can be taken with other supplements. If you are already taking other products like our Arthritis-Ease®, Mega JointWellness™, or GluChon 1500™, you can add Glucosamine Sulfate, which only improves your results.
