RE: Notification of Nutritional Support Statements

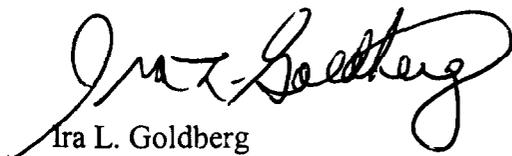

To whom it may concern:

I hereby notify the Food and Drug Administration (FDA) of the use of statements of nutritional support in the labeling of Vitamin E Oil, a dietary supplement. Source Naturals® is the manufacturer of Vitamin E Oil.

Statements being made in the labeling of Vitamin E Oil

- 1) Sunlight and air pollution deplete the vitamin E in our skin cells and lead to signs of aging.
- 2) This vitamin offers antioxidant protection against harmful free radicals.
- 3) Source Naturals' soothing Vitamin E Oil is superior because many forms of E (*gamma, delta, beta*, as well as *D-alpha*) are provided to restore suppleness to very dry skin.

To the best of my knowledge and belief, and based upon information available at the time of the execution of this notice, I certify that the above information is accurate and complete. Source Naturals® possesses substantiation that the statements are truthful and not misleading.
