Re: 21 U.S.C. Section 343(r)(6), Notification of Statements on Dietary Supplements

Dear Sir/Madam:

I hereby notify the Food and Drug Administration ("FDA") of the use of statements of nutritional support in the labeling of NOW[®] Vein Supreme, a dietary supplement. These statements are revisions to and supercede the statements in our correspondence to you of October 28, 2004.

Statements being made in the labeling of Vein Supreme:

(1) NOW[®] Vein Supreme is an herbal vascular support supplement that contains the patented ingredient, Trunorin[™]. NOW's combination of Trunorin[™], Butcher's Broom, Horse Chestnut Seed Extract, and Grape Seed Extract provides powerful support for normal vascular tone and integrity. Thus, NOW[®] Vein Supreme is a safe and natural way to beautiful, healthy legs.

To the best of my knowledge, and based upon information and belief present at the time of the executing of this notice, I certify that the above information is accurate and complete. NOW Foods possesses substantiation that the statements are truthful and not misleading.
