Re: 30 Notice of structure function claim in the case of Bacopamine™

Rec
~~JAN 31 2005~~

Dear Dr. Moore,

Per our phone call with your assistant earlier today, we wish to submit the following for consideration. Our product is an herbal dietary supplement called Bacopamine™, which is a proprietary blend of well-studied herbs as listed below.

The claim made for Bacopamine™ is:

"When used as a dietary supplement, the active ingredients in Bacopamine™ may help promote mental clarity in those with the mild memory loss often associated with aging.*"

[*denotes that the FDA disclaimer (Statements not evaluated ...not intended to cure, prevent, treat, etc.) is on the label.]

Principal Ingredients in Bacopamine™ are as follows:

- Bacopa monniera*
- Curcuma longa* (turmeric/curcumin)
- Capsicum annum* (cayenne)
- Mentha piperita* (peppermint)

90742

Thank you,

R. E. Markin
