*Re: Fulfillment of Reporting Obligation  
Under 21 U.S.C. § 343(r) and 21 C.F.R. § 101.93*

Dear Dr. Moore:

We hereby submit on behalf of Coastside Bio Resources,<sup>1</sup> in accordance with 21 U.S.C. § 343(r) and 21 CFR § 101.93, an original and two copies of its notification. Coastside Bio Resources retains scientific documentation supporting the statements. Please find enclosed a certification from Coastside Bio Resources that the information contained in this notice is complete and accurate and that Coastside Bio Resources has substantiation that the statements are truthful and not misleading.

**1. Supplement Brand Name**

Green Tea & Glucosamine

**Supplement Ingredients**

Green Tea extract  
Glucosamine HCL  
Sea Cucumber

975 0162

LET

15564

**Text of Statements of Nutritional Support**

This formula is designed to provide support for healthy joint functions.

Nutritional support for joint health.

<sup>1</sup> The address for Coastside Bio Resources is P.O. Box 151, 21 Atlantic Avenue, Stonington, ME 04681.

Nutritional support for healthy, flexible joints.

The abundant green tea catechin EGCG has been shown to support cartilage health, while glucosamine supports cartilage integrity and development.

## 2. Supplement Brand Name

ArthriSea

### Supplement Ingredients

Sea Cucumber  
Glucosamine HCL

### Text of Statements of Nutritional Support

Glucosamine is utilized by the body to support healthy joint functions.

Nutritional support for joint health.

A dietary supplement that supports joint flexibility.

Recent studies have demonstrated that glucosamine and chondroitin can act synergistically to lubricate joints and nourish cartilage and connective tissue.

Glucosamine provides the building blocks for glycosaminoglycans, the lubricating structure in cartilage while chondroitin builds and maintains the structural framework of joints to cushion and support movement.

Glucosamine and chondroitin sulfate are important building blocks of cartilage.

## 3. Supplement Brand Name

ArthriSea Plus

### Supplement Ingredients

Sea Cucumber  
Glucosamine HCL  
Green Tea extract

**Text of Statements of Nutritional Support**

Glucosamine is utilized by the body to support healthy joint functions.

Nutritional support for joint health.

Nutritional support for healthy, flexible joints.

The abundant green tea catechin EGCg has been shown to support cartilage health, while glucosamine supports cartilage integrity and development. ArthriSea Plus is similar to our regular ArthriSea but adds 50milligrams of chondroprotective green tea catechins to each 600 milligram capsule.

In accordance with 21 USC § 343(r)(6) and 21 CFR § 101.93(c), each of the above statements will be followed by an asterisk that will be cross-referenced to another asterisk on the very same panel or page next to which the following statement will appear in a box in bold face type: **“These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.”**

Respectfully submitted,

Claudia A. Lewis-Eng  
Andrea G. Ferrenz  
Karl M. Nobert

**Certification**

I, Peter Collin, President of Coastside Bio Resources, Inc., hereby certify that the information contained in the foregoing notice is complete and accurate and that Coastside Bio Resources has substantiation that the statements are truthful and not misleading.
