Re: 21 U.S.C. Section 343(r)(6), Notification of Statements on Dietary Supplements

Dear Sir/Madam:

I hereby notify the Food and Drug Administration ("FDA") of the use of statements of nutritional support in the labeling of Allibiotic CFTM Softgels, a dietary supplement.

Statements being made in the labeling of Allibiotic CFTM Softgels:

- (1) NOW[®] Allibiotic CFTM is a potent herbal combination designed to support healthy immune function seasonally and year-round. Allibiotic CFTM contains Allisure[®], a unique clinically tested and patented form of stabilized Allicin. Allicin is the main bioactive constituent in garlic responsible for its immuno-enhancing activities. In addition, Elderberry Extract, Olive Leaf Extract, and Oregano Oil have been included for their immune supporting properties. ImmunoEnhancerTM AG is non-digestible soluble fiber from Larch that has been included as a prebiotic supplement. Prebiotics serve to support healthy intestinal flora, which in turn play an integral role in human immunity.

To the best of my knowledge, and based upon information and belief present at the time of the executing of this notice, I certify that the above information is accurate and complete. NOW Foods possesses substantiation that the statements are truthful and not misleading.
