Re: 21 U.S.C. Section 343(r)(6), Notification of Statements on Dietary Supplements

~~Dear Sir/Madam:~~

I hereby notify the Food and Drug Administration ("FDA") of the use of statements of nutritional support in the labeling of Enzogenol, a dietary supplement.

Statements being made in the labeling of Enzogenol:

- (1) NOW[®] Enzogenol is a powerful formulation of antioxidant bioflavonoids extracted from the bark of the New Zealand Pine (*Pinus radiata*) that is comparable to flavonoid formulations of other pine bark extracts. The flavonoids found in Enzogenol have been shown in clinical and non-clinical studies to support cardiovascular health and to protect cells and tissues from the damaging effects of oxidative stress. NOW[®] Enzogenol also contains Rutin and Grape Seed Extract for their synergistic antioxidant benefits.

To the best of my knowledge, and based upon information and belief present at the time of the executing of this notice, I certify that the above information is accurate and complete. NOW Foods possesses substantiation that the statements are truthful and not misleading.
