As per section 6 of the Dietary Supplement Health and Education Act of 1994, I respectfully submit the following information:

The Daily Wellness Company  
2035 Landings Drive  
Mountain View, CA 94043

Products and claims to be filed:

***NutraBlend™***

Prenatal Vitamin Formula  
Without Iron

*Optimizes fetal development and maternal nutrition  
Before and during pregnancy\**

Daily Wellness high potency prenatal vitamins and minerals contain **B vitamins** for energy metabolism and fetal cell development. **Folate** may help reduce neural tube birth defects if taken as part of a healthy diet. **Vitamins C and D, calcium, magnesium, zinc, copper, manganese, and boron** help support bone development, and maintenance. The antioxidants, **vitamin C, E, selenium, and beta-carotene** support healthy cell membrane development. **Vitamins B12, folate and copper** are involved in red blood cell development, **iodide** is needed for normal thyroid development, and **chromium** for nerve development. **Iron** is needed during pregnancy for extra blood cell development, but is not included in this formula. High levels of iron may cause constipation and nausea in some women, and should be taken separately at a tolerable dose.\*

Nutritional supplements do NOT replace the need for a healthy diet, and cannot compensate for damage due to smoking, alcohol or drugs that should be avoided before, during, and after pregnancy (if breast feeding). Additional **calcium** should be taken, as well, unless your diet is rich in dairy products or other high calcium foods. Increase intake of **folate-rich** foods such as leafy greens and whole grains.

I hereby certify that the information contained in the above notices is complete and accurate, and that The Daily Wellness Company has substantiation that these statements are truthful and not misleading.

Sincerely,

Aileen Trant, Ph.D.  
Vice President, Research & Development
