RE: Notification of Nutritional Support Statements

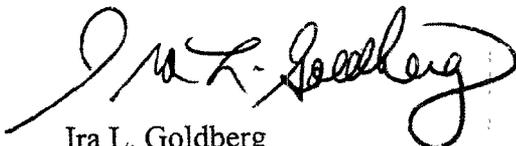

To whom it may concern:

I hereby notify the Food and Drug Administration (FDA) of the use of statements of nutritional support in the labeling of Hyaluronic Joint Complex™, a dietary supplement. Source Naturals® is the manufacturer of Hyaluronic Joint Complex™.

Statements being made in the labeling of Hyaluronic Joint Complex™

- 1) Hyaluronic Joint Complex™ is a comprehensive formula that combines hyaluronic acid with glucosamine, chondroitin, MSM, and manganese ascorbate.
- 2) These ingredients are important building blocks for healthy joints and connective tissues.
- 3) Hyaluronic acid is a major component of joint tissue.
- 4) It helps to hold lubricating moisture in joints and cartilage, which affects their resilience, elasticity, and strength.
- 5) BioCell Collagen II™ is a patented hyaluronic acid, which has undergone an absorption enhancing hydrolyzation process that yields low molecular weight hyaluronic acid, chondroitin sulfate, and Collagen Type II peptides.

To the best of my knowledge and belief, and based upon information available at the time of the execution of this notice, I certify that the above information is accurate and complete. Source Naturals® possesses substantiation that the statements are truthful and not misleading.
