Dear Dr. Miles:

This is a thirty day notification for a dietary supplement chewing gum which is currently on the market. The product is named Citrus Slim. The following is the structure / function claims made on the label:

- ◆ active ingredient: Hydroxy citric acid (calcium salt)
- ◆ claim: Chewing Citrus Slim 30 to 60 minutes before meals assists in delivering HCA to the liver which can positively influence the use of calories early in meals. The result? You eat less, yet feel satisfied.

F. 602.252.6650

Sincerely,

Cecile Kehoe
