Vitamin B-6 (Pyridoxine)

Description:

Vitamin B-6, also known as pyridoxine, is involved in protein, fat and carbohydrate metabolism. It helps support healthy brain function and the formation of red blood cells, and maintains the chemical balance among bodily fluids.

These statements have not been evaluated by the Food and Drug Administration (FDA). This product is not intended to diagnose, treat, cure or prevent any disease.

Directions For Use: Take 1 capsule per day

Storage: Keep tightly closed in a cool, dry place.

Caution/Warning: As with any supplement, herb or medication, do not use it while pregnant or lactating, or provide it to a child without consulting a physician. Long term mega-doses may aggravate stomach ulcers, and result in muscle weakness and unsteady gait.

Note: This product is regulated by the FDA as a dietary supplement. If you have any questions about how you feel while taking this supplement, contact your physician. If you are taking any medication, have any disease or illness, consult your physician before taking this product. Do not stop or change prescribed medication without the permission or prescription of your physician.
