RE: Notification of Nutritional Support Statements

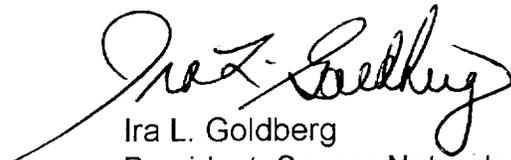

Dear Sir or Madam:

I hereby notify the Food and Drug Administration (FDA) of the use of statements of nutritional support in the labeling of Wellness Olive Leaf™ Standardized Extract, a dietary supplement. Source Naturals® is the manufacturer of Wellness Olive Leaf.

Statements being made in the labeling of Wellness Olive Leaf:

(1) Several phenolic compounds are found in the olive leaf and bud, including oleuropein (phenolic glucoside) and flavonoids. Oleuropein is a natural antioxidant. The hydrolyzed form of oleuropein, elenolic acid, has been shown in cell culture studies to have potential health benefits.

To the best of my knowledge, and based upon information and belief present at the time of the executing of this notice, I certify that the above information is accurate and complete. Source Naturals possesses substantiation that the statements are truthful and not misleading.

  
Ira L. Goldberg  
President, Source Naturals, Inc.
