SECTION 403(r)(6) NOTIFICATION

Dear Sir or Madam:

In accordance with the requirements of Section 403(r)(6) of the Federal Food, Drug and Cosmetic Act, Shaklee Corporation notifies FDA that it has begun using the following statements:

- To help maintain cardiovascular health
- Promotes cardiovascular health
- Those who eat fish once a week or more are 50% more likely to maintain normal cardiovascular systems.
- Omega-3 fatty acids, like those in fish and Shaklee EPA, play a role in the formulation of prostaglandins, which are hormone-like substances that are associated with cardiovascular health, regulate a wide range of body functions such as blood clotting and inflammation, and help maintain normal blood pressure.

which contain the statutory statement, on labels and in labeling the following product:

Shaklee EPA

I certify that the foregoing is complete and accurate, and that Shaklee Corporation has substantiation that the statements are truthful and not misleading.

Sincerely,

Christopher Jensen, Ph.D.
Director, Health Sciences
