Directions: In order for the teleconference to be interactive, we need the attendees at the Atlanta site to ask questions. Confer with the members of the group and write four or five questions that can be asked of Commissioner Henney. Suggested topics for questions include:

- Partnership with other groups
- Ways to communicate with the public
- Resource allocation
- Priorities
- Women's health and dietary supplements

Please print your questions at the bottom of the attached sheet.

Traditionally drug definitions have included USP, NF & Homeopathic Pharmaceutical products. The Homeopathic Pharmaceutical products are not mentioned in the list of Drugs. Pharmacy's will be allowed to use for Compounding. Are there plans to revisit this item and add the Homeopathic Pharmaceutical Drugs to the list of approved Drugs for Compounding?
