

Food and Drug Administration Fact Sheet – Alabama

FDA Presence

- Nine employees in Alabama
- Resident Posts in Birmingham, Mobile, and Montgomery
- Employees report to New Orleans District – in Nashville, TN – which Reports to Southeast Region in Atlanta, Georgia.

Industry Presence in State - 1,846 FDA-regulated establishments¹

- Food establishments – includes cosmetics – 37 percent
- Medical Device and radiological establishments – 26 percent
- Human Drug establishments – 18 percent
- Animal drug and feed establishments – 13 percent
- Biological establishments – includes blood banks – 6 percent.

Industry Highlights

- Three ports of entry – Mobile, Huntsville, Birmingham. Mobile is a large port for exportation of grain products and moderate importation of various food and seafood products.
- Seafood – primary food industry includes Gulf shrimp, crab, oysters from the coast and farm-raised catfish
- Agriculture – poultry, timber, cattle, cotton, soybeans, and peanuts
- Medical device presence
- Clinical research activity – medical university settings.
- Biologics presence – regional blood testing facilities.
- The Gulf Coast area – still recovering from Hurricanes Katrina & Rita in 2005.
- Deepwater Horizon Oil Spill in 2010 severely affected the seafood industry.

Contracts, Partnerships & Special Programs

State Contracts

- Alabama Department of Public Health – food manufacturer sanitation inspections
- Alabama Department of Agriculture and Industries – BSE inspections.

State Partnerships

None

Special Programs

- Active Food Safety Task Force – AL Department of Public Health, AL Department of Agriculture, Auburn Cooperative Extension Service, AL

¹ Some firms are in more than one category.

Restaurant Association, AL Grocers' Association and AL Retail Foods Association.

Food and Drug Administration Fact Sheet – Alaska

FDA Presence

- Four FDA employees in Alaska
- Resident Post - Anchorage
- Employees report to Seattle District - Bothell, Washington – which reports to Pacific Region - Oakland, California

Industry Presence in State - 527 FDA-regulated establishments²

- Food establishments - includes cosmetics – 78 percent
- Medical device and Radiological establishments – 13 percent
- Human drug establishments – 4 percent
- Biologic establishments, includes blood banks – 2 percent
- Animal drug and feed establishments – 3 percent

Industry Highlights

- Alaska supplies most of America's salmon, crab, halibut, and herring. Alaska is the number one producer of wild salmon in the world and has the only salmon industry certified as "sustainable".
- Alaska ranks as one of the top ten seafood producers worldwide. More than 6 million pounds of seafood are harvested off Alaska each year, making up approximately 60% of all U.S. production. The total value of Alaska seafood production has topped \$2.5 billion annually for several years.
- Dutch Harbor and Kodiak consistently rank as two of the top three ports in the U.S. for tonnage of seafood brought in. Alaska has over 33,000 miles of shoreline -- more than the rest of the U. S. combined.

Contracts, Partnerships & Local Activities

State contracts

- Alaska Department Environment and Conservation - conduct food safety inspections, conduct seafood HACCP inspections.
- Alaska Department of Health - conduct inspections of mammography facilities.

² Some firms are in more than one category.

State Partnerships

- Alaska Department of Environmental Conservation - conduct inspections of the fish and fishery products processing industry for compliance with the Hazard Analysis and Critical Control Points (HACCP) regulations and conduct mutual planning and sharing of reports for inspections, investigations, and analytical findings, related to food firms in the State of Alaska.

Food and Drug Administration Fact Sheet – American Samoa

FDA Presence

- 9 FDA employees in Hawaii
- Resident Post - Honolulu
- Employees report to San Francisco District, Alameda, California, which reports to Pacific Region, Oakland, California

Industry Presence in State - 4 FDA-regulated establishments³

- Food establishments - includes cosmetics – 33 percent
- Animal drug and feed establishments – 33 percent
- Human drug establishments - 17 percent
- Biologic establishments - includes blood banks - 0 percent
- Animal drug and feed establishments – 17 percent

Industry Highlights

- Tuna fishing and tuna processing plants are the backbone of the private sector, with canned tuna the primary export.
- This is a traditional Polynesian economy in which more than 90 percent of the land is communally owned.

³ Some firms are in more than one category.

Food and Drug Administration Fact Sheet – Arizona

FDA Presence

- 34 employees in Arizona
- Resident Posts: Phoenix and Tucson
- Employees report to Los Angeles District, Irvine, California, which reports to Pacific Region, Oakland, California
- Southwest Import District Resident Post - Nogales has 16 employees and San Luis, Arizona has 3 employees who report to the Southwest Import District, Dallas, Texas

Industry Presence in State: 2,535 FDA-regulated establishments

- Food establishments - includes cosmetics – 40 percent
- Medical Device and Radiological establishments – 32 percent
- Human Drug establishments – 15 percent
- Biological establishments - includes blood banks – 5 percent
- Animal drug and feed establishments – 8 percent

Industry Highlights

- 5 firms in Arizona that produce human biological products including 6 plasmapheresis centers and 4 American Red Cross facilities.
- More than 10 manufacturers of vitamin and mineral Over-the-Counter products.
- The Southwest Import District received 532,568 line entries for fiscal year 2009. The primary products are: Fresh Produce, Frozen Shrimp, and Medical Devices.

Contracts and Partnerships:

State Contracts

- Arizona Radiation Regulatory Agency - conduct inspections of mammography facilities.
- Arizona Department of Agriculture - conduct inspections of feed mills for medicated feeds and BSE.

State Partnerships.

- Arizona Department of Agriculture - agree to establish working arrangements concerning their mutual planning and share reports of inspection, investigations, and analytical findings relating to raw agricultural products.
- Arizona Department of Health Services - coordinate retail food protection, including Hazard Analysis and Critical Control Points principles to control food safety hazards.

- Southwest Import District Public Affairs Specialist - focuses on import issues, conducts education and outreach to the import industry, state and other government officials and supports border health issues.

Food and Drug Administration Fact Sheet - Arkansas

FDA Presence

- 71 field and 225 research center employees in Arkansas
- Dallas District Resident Post in Little Rock, Arkansas -3 investigators report to Dallas District Office
- Import entries are handled out of the Dallas Southwest Import District Office and through the Dallas District Staff located in Arkansas
- Arkansas Regional Laboratory, Jefferson - 66 employees report to Southwest Region, Dallas, Texas
- Office of Shared Services - 1 employee, HHS - 1 employee National Center for Toxicological Research (NCTR), Jefferson - 225 FTE+ 318 contractors

Industry Presence in State - 1,397 FDA-regulated establishments ⁴

- Food establishments - includes cosmetics - 55 percent
- Animal drug and feed establishments - 16 percent
- Medical device and Radiological establishments - 14 percent
- Human drug establishments – 12 percent
- Biologic establishments - includes blood banks - 3 percent

Industry Highlights

- Retail/Warehousing- Wal-Mart World headquarters in Bentonville, AR
- Eggs - Arkansas is a major egg production state.
- Poultry - Arkansas is the home of several Tyson poultry production facilities
- Canning - Arkansas is the home of Allen Canning, Gerber and Bush food manufacturers
- Grains - Arkansas includes a significant rice, wheat, corn, and soybean production.
- Farming - Arkansas includes productive animal feed production and catfish farming.
- Drug/Medical Devices-Baxter is located in Mountain Home, AR.
- Southwest Import District - Line entries received for Fiscal Year 2007 was approximately 647. Primary products imported are alcoholic beverages, cosmetics, and animal drugs.

⁴ Some firms are in more than one category.

Contracts, Partnerships & Local Activities

State Contracts

- Arkansas Department of Health - conducts food sanitation inspections and inspections of mammography facilities.
- Arkansas State Plant Board - conducts feed mill inspections; determines compliance with BSE Rule.

State Partnerships

- Arkansas Department of Health- shares oversight and authority of regulated dairy manufacturing facilities and has an agreement with the Jefferson Labs (NCTR) for emergency space and also shares in an informal reciprocal agreement with ARL for the FERN.
- Local Activities, FERN - NCTR, a FDA research center, employs 225 government scientists and 318 contract support personnel who develop, modify or validate FDA regulatory standards. Current work includes: studies applying new technologies, such as genomics, proteomics, and metabolomics, in conjunction with traditional biomarkers to provide data more easily extrapolated humans; investigating the possibility of interspecies transfer of antimicrobial resistance mechanisms to humans; developing knowledge and techniques that will lead to the development of more effective drugs and more personalized medicine; defining methods of identifying subpopulations that are susceptible to particular chemical carcinogens, and likely to experience adverse drug reactions or decreased drug efficacy; and studying the interaction of light with cosmetic ingredients and tattoo pigments. Arkansas Department of Health Public Laboratory is a FERN-Chemistry laboratory
- Dallas District Public Affairs Specialists - Respond to consumers and media inquires and conduct consumer education outreach to diverse constituents, including a growing number of Hispanic workers employed by the poultry industry.
- Southwest Import District Public Affairs Specialist - Focuses on Import issues. Conducts education and outreach to the Import industry, State and other government officials and supports border health issues.

Food and Drug Administration Fact Sheet – California

FDA Presence

- 507 FDA employees in California -includes SWID & PRL-SW
- Resident Posts - Fresno, Sacramento, San Jose, and Stockton. South San Francisco Resident Post slated to open in 2011.
- Employees report to San Francisco District, Alameda, which reports to Pacific Region, Oakland
- Resident Posts - San Diego, Santa Barbara, San Pedro, LAX, Ontario and Canoga Park report to Los Angeles District, Irvine, which reports to Pacific Region, Oakland
- Pacific Region Laboratory Southwest, Irvine reports to Pacific Region, Oakland
- Southwest Import District Resident Posts - 40 employees - Otay Mesa, Calexico, San Diego Seaport/Airport, and Tecate report to Southwest Import District, Dallas, Texas which report to the Southwest Region, Dallas, Texas
- San Francisco District Laboratory, reports to San Francisco District, in turn reports to Pacific Region Office.

Industry Presence in State - 20,211 FDA-regulated establishments

- Food establishments - includes cosmetics - 44 percent
- Medical device and Radiological establishments - 36 percent
- Human drug establishments - 9 percent
- Animal drug and feed establishments - 7 percent
- Biologic establishments - includes blood banks - 4 percent

Industry Highlights

- California has the greatest number of medical device and biotechnology firms of any area in the US. They are concentrated in the San Francisco Bay Area, Orange County and San Diego areas.
- California is a major producer of tree nuts and the only state that produces almonds.
- California receives an estimated 25 - 30 percent of all FDA regulated commodities imported into the US, and contains the largest harbor complex in the country. 1,100 ocean shipping containers, containing foodstuffs arrive each day in the Port of Los Angeles/Long Beach, increasing at approximately 20 percent annually. The district serves as the “Gateway to the Orient” for imports and exports and with the import operations along the U.S. and Mexico border, a significant “Gateway to Mexico.” A total of 70 percent of all incoming cargo is believed to stay within the state boundaries.
- Ports of entry along the California/Mexico border as well as the San Diego airport and seaport accounted for 2,036,846 line entries in Fiscal Year 2009.

Contracts & Partnerships

State Contracts

- California Department of Food & Agriculture (DFA) - Conduct follow up investigations of reported tissue residues of food animals detected at the time of slaughter and conduct inspections of feed mills and BSE.
- California Department of Health Services (DHS) - Conduct inspections of food manufacturing facilities, mammography facilities and x-ray testing

State Partnerships

California Department of Food & Agriculture (DFA)

- Coordinate efforts to prevent unsafe imported dairy products from entering commerce.
- Coordinate inspections of medicated feed mills and residue investigations.
- Coordinate regulatory activities involving pesticide residues on raw agricultural commodities.

California Department of Health Services (DHS)

- Conduct inspections of seafood processing facilities.
- Coordinate retail food protection efforts to promote HACCP principles for food safety.
- Conduct inspections of all Acidified & Low Acid Canned Food processors
- Continue partnership with the laboratory in Los Angeles to co-locating employees and sharing equipment.
- Establish partnership to co-locate employees in Sacramento.
- Conduct inspections of new x-ray assemblies or re-assemblies.
- Share inspectional and other information to ensure unified food safety programs.
- Coordinate cooperative agreement to support the California Egg Quality Assurance Plan.

Other Partnerships in California

- Coordinate with American Council for Food Safety & Quality to maintain sanitation and compliance with regulations for dried fruit and tree nut products.
- Information sharing with the University of California, Irvine, through an electronic communication system that transmits current health information regarding toxic substances throughout the California County Health Departments.
- Southwest Import District Public Affairs Specialist - The primary focus is on Import issues. The SWID PAS conducts education and outreach to the Import industry, U.S. Customs Broker Associations, State and other government officials and supports border health issues.

Food and Drug Administration Fact Sheet – Colorado

FDA Presence

- 138 FDA employees in Colorado all in the Denver District Office which reports to the Southwest Region, Dallas, Texas

Industry Presence in State - 2,731 FDA-regulated establishments

- Food establishments – includes cosmetics - 43 percent
- Medical device and Radiological establishments - 22 percent
- Human drug establishments – 15 percent
- Animal drug and feed establishments - 16 percent
- Biologic establishments - includes blood banks - 4 percent

Industry Highlights

- Colorado is a major cattle producer and also raises large numbers of hogs and sheep. Weld, Morgan, Larimer, and Boulder counties are the national center for the production of cattle fattened in feedlots rather than on the open range.
- Colorado ranks high among the U.S. states in the amount of land under irrigation. Corn -maize, wheat, and hay are the major crops.
- Colorado has a major food and food product industry.
- The industrial and service sectors in Colorado have expanded greatly. The state's economy is diversified and is notable for its concentration of scientific research and high-technology industries.
- Other Colorado industries include food processing, transportation equipment, machinery, chemical products, minerals, and tourism, particularly ski destinations such as Aspen and Vail.
- Colorado also produces the largest amount of beer of any state
- Imports into Colorado - The Southwest Import District (SWID in Dallas) received 26,608 line entries for fiscal year 2010 through Colorado ports of entry. Primary products are medical devices, alcoholic beverages, cosmetics, and medical devices.

Contracts & Partnerships:

State Contracts

- Colorado Department of Public Health & Environment - conduct food sanitation inspections and inspections of mammography facilities
- Colorado Department of Agriculture - Conduct inspections of feed mills for medicated feed and BSE Rule Compliance

State Partnerships

- Colorado Department of Public Health & Environment - Conduct inspections of artificial tanning facilities and conduct federal compliance testing of new assemblies or re-assemblies of x-ray equipment

Food and Drug Administration Fact Sheet – Connecticut

FDA Presence

- 17 FDA employees in Connecticut (15 District, 1 Regional in Hartford, 1 Foreign Cadre in Bridgeport)
- Resident Posts: Hartford - 12 employees, and Bridgeport -3 employees; Report to New England District, Stoneham, Massachusetts, which reports to Northeast Region, Jamaica, New York

Industry Presence in State - 1,703 FDA-regulated establishments

- Food establishments - includes cosmetics – 34 percent
- Medical Device and Radiological establishments – 43 percent
- Human drug establishments – 18 percent
- Animal drug and feed establishments – 2 percent
- Biologic establishments -includes blood banks – 3 percent

Industry Highlights

- Connecticut has 20 percent of the District's Official Establishment Inventory of regulated firms with an emphasis on food and medical devices.
- Several major pharmaceutical manufacturers are located in the state.

Contracts, Partnerships & Local Activities:

State Contracts

- Connecticut Department of Consumer Protection - conduct food sanitation inspections, conduct seafood and juice Hazard Analysis and Critical Control Point (HACCP) inspections, and participate in FDA's Manufactured Food Regulatory Program Standards
- Connecticut Department of Environmental Protection -Conduct inspections of mammography facilities

Local Activities

- Connecticut has a Food Safety Task Force in which FDA is a participant.

Food and Drug Administration Fact Sheet – Delaware

FDA Presence:

- 14 FDA employees in Delaware
- Resident Post: Wilmington
Reports to: Philadelphia District, Philadelphia, Pennsylvania
Reports to: Central Region, Chicago, Illinois

Industry Presence in State - 227 FDA-regulated establishments⁵

- Food establishments - includes cosmetics - 38 percent
- Medical device and radiological establishments – 32 percent
- Human drug establishments – 20 percent
- Animal drug and feed establishments - 5 percent
- Biologic establishments - includes blood banks - 5 percent

Industry Highlights:

- Active seafood industry

Contracts, Partnerships & Local Activities:

State contracts

- Delaware Department of Health - Conducts inspections of mammography facilities.

State Partnerships

- Delaware Food Safety Council (DFSC), a partnership with the state and local governments, academia, industry, and USDA to address food safety issues.

⁵ Some firms are in more than one category.

Food and Drug Administration Fact Sheet – District of Columbia

FDA Presence:

- 13 FDA employees in District of Columbia
- Resident Post: Falls Church Resident Post services Washington D.C
Reports to: Baltimore District, Baltimore, Maryland
Reports to: Central Region, Chicago, Illinois.

Industry Presence in State - 345 FDA-regulated establishments

- Food establishments - includes cosmetics - 56 percent
- Medical device and Radiological establishments - 23 percent
- Human drug establishments - 11 percent
- Biologic establishments - includes blood banks - 8 percent
- Animal drug and feed establishments - 2 percent

Contracts & Partnerships:

State Partnerships

District of Columbia Department of Health, Health Care Regulation and Licensing Administration

- Assist the District of Columbia Department of Health Food Safety Program by providing support to develop and coordinate resources and provide training to augment the Retail Food Safety Program and coordinate other activities, including inspection coverage of food manufacturers and processors, food warehouses, and seafood facilities.

Food and Drug Administration Fact Sheet - Florida

FDA Presence:

- 173 FDA employees in Florida (includes 6 student)
- Resident Posts: Boca Raton, Ft. Myers, Jacksonville, Miami (Domestic), Tallahassee, Tampa, Miami (Imports), Port Everglades (co-located with USCBP), Miami International Mail Facility
- Major Import Ports: Miami, Jacksonville, and Tampa
Report to: Florida District Office, Maitland, FL
Reports to: Southeast Region, Atlanta, Georgia

Industry Presence in Florida – 8,398 FDA-regulated establishments

- Food establishments - includes cosmetics – 37 percent
- Medical devices and Radiological establishments – 39 percent
- Human drug establishments – 16 percent
- Animal drug and feed establishments – 4 percent
- Biologics establishments – 4 percent

Industry Highlights:

- 329 high risk food firms of which 297 are high risk seafood firms
- Miami is the largest port in U.S. for importation of fresh seafood
- Miami is fifth largest port in U.S. for importation of FDA regulated commodities
- 363 class II & III medical device firms

Contracts, Partnerships & Local Activities:

State Contracts

- Florida Department of Agriculture & Consumer Services (FDACS), Division of Food Safety contracted to perform food safety and seafood HACCP inspections.
- FDACS, Division of Agricultural Environmental Services contracted to perform BSE inspections.
- Florida Department of Health contracted to conduct mammography and x-ray inspections.

Cooperative Agreement

- FDACS, Division of Agricultural Environmental Services has a cooperative agreement with FDA to conduct BSE surveillance activities.

Partnership

- FDACS, Bureau of Chemical Residue Laboratories shares all volatile pesticide residue results from produce of import and domestic origin with FLA-DO.

Collaborative Activities

- FLA-DO is working in conjunction with FDACS, Divisions of Food Safety, and Agricultural Environmental Services, and Office of Agricultural

Emergency Preparedness, Florida Department of Health and Florida Department of Business & Professional Regulation to develop a rapid response team.

Food and Drug Administration Fact Sheet – Georgia

FDA Presence:

- 247 FDA employees in Georgia
- Resident Posts in Georgia: Middle Georgia, Savannah, and Tifton
Report to: Atlanta District, Atlanta, who
Reports to: Southeast Region, Atlanta
- Southeast Regional Laboratory, Atlanta
Reports to: Southeast Region, Atlanta
- HQ employees in GA: Facilities-2; Financial Mgmt. Br.-3; OAGS-2;
OC-1; LMR-1; DHRD-1; CFSAN-1; DFS-1; DFI-1; OSITS-5

Industry Presence in State – 3,100 FDA-regulated establishments

- Food establishments - includes cosmetics – 46 percent
- Medical Device and Radiological establishments – 28 percent
- Human Drug establishments – 12 percent
- Animal Drug and Feed establishments – 10 percent
- Biologic establishments - includes blood banks – 4 percent

Industry Highlights:

- American Red Cross Regional Blood Bank.
- Life Share Corp. HQ (formerly Serologicals) (major plasmapheresis center).
- Cryolife (largest/major tissue bank processor).
- Atlanta Hartsfield-Jackson International Airport land port—85,510 import entries per annum (condoms, gloves, seafood, produce, and medical devices). Savannah seaport—118,046 import entries per annum (canned foods, medical devices, bulk grains, agricultural products, and juices). Brunswick seaport—less than 80 entries per annum (90% seafood).

Contracts, Partnerships & Local Activities:

State Contracts

Georgia Department of Agriculture

- Conduct inspections for food sanitation, feed mills, and BSE
Georgia Department of Natural Resources
- Conduct inspections of mammography facilities

Other Partnerships

- Plan training activities to promote health and scientific education with Morris Brown College
- Conduct educational activities to promote health and dispense information on disease prevention with Spellman College

- Develop models for solving problems associated with complex scientific and public health challenges in minority communities with Morehouse School of Medicine

Local Activities

- Assist state laboratories with analytical issues
- FDA ACNA Lab (National nutrition analysis/labeling service lab)
- Microbiology and Chemistry labs for foods, drugs, and cosmetics
- Georgia Food Safety & Defense Task Force
- Interagency Pest Risk Committee

Food and Drug Administration Fact Sheet – Guam

FDA Presence:

- 9 FDA employees in Hawaii
- Resident Post: Honolulu
Reports to: San Francisco District, Alameda, California, who
Reports to: Pacific Region, Oakland, California

Industry Presence in State – 36 FDA-regulated establishments

- Food establishments - includes cosmetics – 64 percent
- Medical device and radiological establishments – 22 percent
- Human drug establishments - 8 percent
- Biologic establishments - includes blood banks – 6 percent

Industry Highlights:

- More than half of the few FDA-regulated firms in Guam are related to the food industry, with the remaining spread fairly evenly among biologics, drugs, and device industries.
- Guam exports copra, fish, and handmade goods.
- Maize, cassava, bananas, and coconuts are grown for domestic consumption.
- The island is also an important re-export center for distribution of goods throughout the Pacific, particularly to Micronesia.

Food and Drug Administration Fact Sheet – Hawaii

FDA Presence:

- 9 FDA employees in Hawaii
- Resident Post: Honolulu
Reports to: San Francisco District, Alameda, California, who
Reports to: Pacific Region, Oakland, California

Industry Presence in State – 604 FDA-regulated establishments

- Food establishments - includes cosmetics - 57 percent
- Medical device and radiological establishments - 29 percent
- Human drug establishments - 7 percent
- Biologic establishments - includes blood banks - 4 percent
- Animal drug and feed establishments - 3 percent

Industry Highlights:

- Staff an International Mail Facility in conjunction with DHS/CBP (Customs and Border Protection) to detain counter drugs via international mail.
- Seafood, domestic and imports, is the largest industry on the Islands.
- Importation of goods to and through Hawaii to the mainland accounts for 1/3 of FDA resources covering the review, inspection and sampling of products primarily from Asia.

Contracts, Partnerships & Local Activities:

State contracts

Hawaii Department of Health

- Conduct inspections of mammography facilities.
- Conduct diagnostic x-ray field tests.

State Partnerships

Hawaii Department of Health

- Conduct inspections of new x-ray assemblies or re-assemblies.
- Support for a Food Safety Task Force for food safety.

Hawaii Department of Agriculture & Department of Health

- Support the Egg Quality Assurance Plan, an integrated voluntary food safety program designed to ensure quality and safety of eggs (with USDA, University of Hawaii and industry).

Local Activities

Ongoing public affairs cooperation with the

- Hawaii Food Manufacturers Association,
- University of Hawaii,
- Hawaii Cooperative Extension Service,

- Hawaii Dietetic Association,
- Hawaii Section/Institute of Food Technologists, and
- Hawaii Department of Health.

Food and Drug Administration Fact Sheet – Iowa

FDA Presence:

- Ten FDA employees in Iowa
- Resident Posts: Davenport (2), and Des Moines (8)
Report to: Kansas City District, Lenexa, Kansas
Reports to: Southwest Region, Dallas, Texas

Industry Presence in State – 2,180 FDA-regulated establishments

- Food establishments - includes cosmetics - 49 percent
- Animal drug and feed establishments - 29 percent
- Medical device and radiological establishments - 13 percent
- Human drug establishments - 7 percent
- Biologic establishments - includes blood banks - 2 percent

The Southwest Import District is responsible for imported products into Iowa. The primary imported products are alcoholic beverages, medical devices, and drugs.

Industry Highlights:

- Diverse, with all major FDA program areas represented.
- In-vitro diagnostic establishments: Iowa has a heavy concentration of these.
- Bio-research: One of the few bio-equivalency-testing facilities in the country.
- State reports 1800 biotech firms and rank 1st in number of acres producing biotech corn and soybeans

Contracts, Partnerships & Local Activities:

State Contracts

Iowa Department of Agriculture and Land Stewardship

- Conduct inspections of medicated feed mills to ensure safety and BSE control

Iowa Department of Inspections and Appeals

- Conduct food safety inspections

State Partnerships

Iowa Department of Agriculture and Land Stewardship

- Coordinate oversight of regulated dairy manufacturing facilities.

Local Activities

- Iowa Food Safety Task Force – Established under FDA-funded grant.
- Iowa is one of 8 states awarded FDA funding under a cooperative agreement to enhance their animal safety and BSE prevention programs.

Food and Drug Administration Fact Sheet - Idaho

FDA Presence:

- Eight FDA employees in Idaho
- Resident Post: Boise, Eastport
Report to: Seattle District, Bothell, Washington
Reports to: Pacific Region, Oakland, California

Industry Presence in State - 1,000 FDA-regulated establishments

- Food establishments - includes cosmetics - 61 percent
- Animal drug and feed establishments - 12 percent
- Medical device and radiological establishments - 14 percent
- Human drug establishments – 11 percent
- Biologic establishments - includes blood banks - 2 percent

Industry Highlights:

- Idaho is number one in the nation in the production of potatoes, trout and winter peas. Produces 30% of U.S. potatoes, 50% of processed potatoes and 76 % of food size trout. The state ranks in the top 10 in 22 other agricultural products.
- Out of 144 commodities, Idaho is in the top 10 in more than 30
- Food processing is the second largest industry, next to high tech. Idaho's high-tech industry is one of the state's largest employers
- The dairy industry is the largest single agricultural industry

Contracts, Partnerships & Local Activities:

State Partnerships

Idaho Department of Health and Welfare

- Establish working arrangements for food safety and sanitation inspections of food firms
- Inspect new x-ray assemblies or re-assemblies.
Idaho Department of Agriculture
- Participation with the Idaho Bureau of Homeland Security Agro-Terrorism Group

Local Activities

Regular interaction with Idaho Tech helps to provide training to regional food processing companies

Food and Drug Administration Fact Sheet – Illinois

FDA Presence:

- 124 FDA employees
- ORA Central Region Headquarters - 24 FDA employees
- Chicago District Office – 100 FDA employees
Resident Posts: Mt. Vernon, Gurnee, Peoria, Hinsdale, Springfield, and O'Hare
Report to: Chicago District, Chicago, Illinois
Reports to: Central Region, Chicago, Illinois

Industry Presence in State - 5,376 FDA-regulated establishments

- Food establishments - includes cosmetics - 41 percent
- Medical device and Radiological establishments - 38 percent
- Human drug establishments - 11 percent
- Animal drug and feed establishments - 6 percent
- Biologic establishments - includes blood banks - 4 percent

Imports:

- Imports – 500,000 lines processed per year
- Primary imports are alcoholic beverages (finished), bakery products, vegetables and fruit
- Receives product from 129 countries

Industry Highlights:

- Food processing is the state's number-one manufacturing activity. State is the number one soybean and pumpkin producer in the U.S. as well as one of the top two corn producing states
- Number of high risk food firms is 462
- Number of class I device firms is 390 and the number of class II device firms is 281
- Archer Daniels Midland headquarters– \$70B in revenue. ADM is the world's largest corn processor and the biggest processor of oil seeds -- soybeans, cottonseed, sunflower seeds, flaxseed in the U.S.
- World's largest wet corn mill owned by ADM
- Kraft Foods headquarters - \$48B in revenue - Second largest food company in the world. Has 11 brands with revenues exceeding \$1 billion, including: Kraft, Jacobs, LU, Maxwell House, Cadbury, Trident, Milk, Nabisco and its Oreo brand, Philadelphia, and Oscar Mayer
- Abbott Laboratories - \$30B in pharmaceutical revenue
- Baxter International and Medline Industries, Inc. – both are Fortune 250, \$10B medical device firms

- World-class medical research universities include the University of Illinois, Northwestern University, University of Chicago, and Rush University Medical School, National Center for Food Safety and Technology
- Headquarters of PepsiCo Americas, Sara Lee, Walgreens McDonalds
- Largest U.S. source of pumpkins and pumpkin canning
- Major distribution hub for country - 300 of Fortune 500 companies operate major regional or national distribution centers in Illinois. There are 3,000 public warehousing facilities and 6,000 trucking companies.

Contracts, Partnerships, and Local Activities:

State Contracts

Illinois Department of Agriculture

- Feed mill inspections: 100 Bovine Spongiform Encephalopathy (BSE) and 13 Good Manufacturing Practices (GMP)

Illinois Department of Public Health

- Food safety inspections: 390 food inspections per year, 20 seafood inspections, and 5 Low acid canned food (LACF) inspections

Illinois Department of Revenue, Liquor Control Commission

- Tobacco Compliance and Enforcement: Conduct inspections of retail establishments to enforce the Youth Access and Advertising Regulations that took effect on June 22, 2010

State Cooperative Agreements (Grants)

Illinois Department of Agriculture

- Bovine Spongiform Encephalopathy (BSE): \$1.2 million dollar cooperative agreement over five years - In previous two years over 1,000 cattle feed samples were analyzed

Illinois Dept of Public Health Laboratory, for Microbiology

- Microbiology Program: Food Emergency Response Network (FERN) laboratory to provide additional capacity for analyzing food samples in the event of food borne disease outbreaks or other large scale food emergency events

State Partnerships

Illinois Department of Public Health

- Support annual Illinois Food Safety Symposium

Food and Drug Administration Fact Sheet – Indiana

FDA Presence:

- 23 FDA employees in Indiana
- Resident Post: Indianapolis, Evansville, and South Bend
Reports to: Detroit District Office, Detroit, Michigan
Reports to: Central Region, Chicago, Illinois

Industry Presence in State -2,682 FDA-regulated establishments

- Food establishments - includes cosmetics – 45 percent
- Medical Device and Radiological establishments – 26 percent
- Animal drug and feed establishments – 12 percent
- Human Drug establishments (includes Medical Gas) – 12 percent
- Biological establishments - includes blood banks – 5 percent
- Bioresearch Monitoring establishments – 4 percent

Industry Highlights:

- Major drug manufacturers include Eli Lilly, Bristol Myers Squibb, Pfizer, Baxter, Cook, and Schwarz.
- Home to three of the world's largest orthopedic implant makers (Zimmer, Biomet, and DePuy), and major diagnostics manufacturer, Roche Diagnostics. Other large device firms such as Cook Inc., and Hill-Rom.
- Very active Medical Device Industry Association known as the Indiana Medical Device Manufacturers Council (IMDMC). Played a major role in implementation of FDA Modernization Act (FDAMA) and medical device inspection initiatives.
- Infant formula manufacturer, Mead Johnson Nutrition
- Federal Express Hub in Indianapolis

Contracts & Partnerships:

State Contracts

Indiana Board of Health:

- Conduct inspections of mammography facilities.

Purdue University (Indiana Office of State Chemists)

- Conduct medicated feed mill and BSE inspections.

State Partnerships

Indiana Department of Health:

- Coordinate inspection plan to increase consumer safety by coordinating inspectional information of non-retail food establishments.

Indiana State Board of Animal Health:

- Share information on tissue residues in food producing animals

Food and Drug Administration Fact Sheet – Kansas

FDA Presence:

- 140 FDA employees in Kansas
- Resident Posts: Wichita (5)
Reports to: Kansas City District, Lenexa, Kansas, who
Report to: Southwest Region, Dallas, Texas
- Regional Staff: Lenexa (4)
- Headquarters Staff: DFO/OITSS Staff: Lenexa (4); & DFI Staff: Lenexa (3), Wichita (1)

Industry Presence in State - 1,911 FDA-regulated establishments

- Food establishments - includes cosmetics - 51 percent
- Animal drug and feed establishments - 23 percent
- Medical device and radiological establishments - 16 percent
- Human drug establishments – 8 percent
- Biologic establishments - includes blood banks - 2 percent

Industry Highlights:

- Agriculture-based economy
- Top producer of wheat, sorghum, corn, and sunflowers
- Produced 6.6 million head of cattle in the year 2000
- Significant animal feed industry
- The 2004 Legislature passed the Kansas Economic Growth Act, creating the Kansas Bioscience Authority. The Authority will invest an estimated \$500 million in the development of the state's bioscience industry.
- The Southwest Import District is responsible for imported products in Kansas. The primary products imported are grain, seafood, animal drugs/devices, fresh vegetables, and cosmetics.

Contracts and Partnerships:

State contracts

Kansas Department of Agriculture (KDA)

- Conduct inspections of medicated animal feed mills to ensure safety and BSE control.
- Conduct food safety inspections

Kansas Department of Health and the Environment

- Conduct mammography facility inspections

State Partnerships

Kansas Department of Agriculture

- Share responsibility for regulating dairy manufacturing facilities.

Local Activities

- Kansas is one of 8 states awarded FDA funding under a cooperative agreement to enhance their animal safety and BSE prevention programs.
- Kansas City District houses FDA's Total Diet Research and Pesticide Center Laboratory

Food and Drug Administration Fact Sheet – Kentucky

FDA Presence:

- 13 FDA employees in Kentucky
- Resident Post: Louisville
Reports to: Cincinnati District, Cincinnati, Ohio
Reports to: Central Region, Chicago, Illinois

Industry Presence in State - 1,862 FDA-regulated establishments

- Food establishments - includes cosmetics – 54 percent
- Medical device and Radiological establishments - 21 percent
- Human drug establishments - 12 percent
- Biologic establishments - includes blood banks - 4 percent
- Animal drug and feed establishments – 9 percent

Industry Highlights:

- Agriculture - Kentucky is the home of a significant agricultural base including dairy and food processing plants.
- Medical device - Kentucky includes medical device and in-vitro diagnostic manufacturers.
- Biologic - Kentucky is the home of blood and plasma firms, clinical research and bioresearch facilities.
- Drugs – Kentucky has a growing pharmaceutical industry.

Contracts, Partnerships & Local Activities:

State Contracts

Kentucky Department of Public Health

- Conduct inspections of mammography facilities.
- Conduct food safety inspections including Seafood HACCP.
- Bi-annual meetings with Food Safety Branch.

University of Kentucky

- Conduct inspections of medicated feed mills and BSE.
- Yearly meeting with UK Regulatory Services – CVM/Feed issues.

State Partnerships

Kentucky Cabinet for Health Services of Commonwealth of Kentucky

- Coordinate testing of new and re-assembled x-ray equipment.
- Coordinate testing of new and re-assembled x-ray equipment.
- FDA provided funding so KY employees could attend FDA training courses.
- CIN-DO developed a Tissue Residue Outreach Program to discuss illegal drug residues with farmers throughout the state.

- Participated in Food Inspections including environmental sampling.

Local Activities

- CIN-DO attends Kentucky Food Safety Task Force meetings composed of State, Federal, Academic, and Industry Representatives with an interest in food safety and security.
- CIN-DO holds an annual partnership meeting with KY Feed and KY Food Safety.

Food and Drug Administration Fact Sheet – Louisiana

FDA Presence:

- 25 FDA employees in Louisiana
- Resident Posts in Louisiana: Baton Rouge, Lafayette, Mandeville, Metairie, and Shreveport
Report to: New Orleans District (currently located in Nashville, TN), who
Reports to: Southeast Region: Atlanta, Georgia

Industry Presence in State – 2,588 FDA-regulated establishments

- Food establishments – includes cosmetics – 60 percent
- Medical device and Radiological establishments – 18 percent
- Human drug establishments – 12 percent
- Biologic establishments - includes blood banks – 5 percent
- Animal drug and feed establishments – 5 percent

Industry Highlights:

- Seafood –a primary industry supplying large volumes of shrimp, crawfish, crabs, oysters and fish. Fish include native wild and farm-raised, marine and fresh water species.
- Imports – New Orleans is a major port, with green coffee the leading commodity.
- Agriculture – major portions of Louisiana are supplying agricultural products, such as rice, soybeans, corn, sugar cane, poultry and cattle. Timber is the largest and most valuable agricultural product in Louisiana.
- Exports – Using the Mississippi River for transportation, the mid continent of the United States markets its grain products to the world through port facilities located along the river in the vicinity of New Orleans.
- The Gulf Coast Area was affected by Hurricanes Katrina & Rita in 2005 and Hurricane Gustave in 2008. The industry is still recovering and will continue to be for a number of years.
- The Deepwater Horizon oil spill in 2010 has significantly affected the Gulf Coast seafood industry.
- A 2010 oil leak in an Assumption Parish sugarcane field caused substantial damage to crops in that area.

Contracts & Partnerships:

State contracts

Department of Health and Hospitals

- Conduct inspections of food for sanitation and seafood for Hazard Analysis and Critical Control Points (HACCP) requirements.

Department of Agriculture and Forestry

- Conduct follow-up investigations of violative tissue residues in food animals at the time of slaughter.

State Partnerships

Department of Health and Hospitals

- Coordinate public health emergencies in mutual areas of responsibility.
- Share oversight and authority of regulated dairy manufacturing facilities

Department of Agriculture & Forestry

- Maintain a program for monitoring pesticide residues in raw agricultural commodities.

Special Programs

- LA Food Safety Network, established in 2007, which consists of: LA Department of Health & Hospitals; LA Department of Agriculture & Forestry; U.S. Department of Agriculture; LSU Extension Service; LA Restaurant Association and LA Grocers' Association

Food and Drug Administration Fact Sheet – Maine

FDA Presence:

- 18 FDA employees in Maine, including one Foreign Cadre (Augusta), and one contract employee (Augusta)
- Resident Post: Augusta (7 employees) and
- Border Stations: Houlton (4 employees) and Calais (5 employees)
Report to: New England District, Stoneham, Massachusetts, who
Reports to: Northeast Region, Jamaica, New York

Industry Presence in State – 1,002 FDA-regulated establishments

- Food establishments - includes cosmetics – 69 percent
- Medical Device and Radiological establishments – 16 percent
- Human drug establishments – 9 percent
- Animal drug and feed establishments – 3 percent
- Biologic establishments - includes blood banks – 3 percent

Industry Highlights:

- Maine's inventory of firms makes up 11% of the District's Official Establishment Inventory of FDA-regulated firms, with the majority of those firms involved in the production and distribution of foods, and more than half of those firms involving seafood/shellfish products.
- Maine also has various ports of entry for imported goods, primarily from Canada.

State Contracts & Partnerships:

State Contracts

Maine Department of Agriculture

- Conduct food sanitation inspections
- Conduct seafood and juice HACCP (Hazard Analysis and Critical Control Point) inspections

Maine Department of Human Services

- Conduct inspections of mammography facilities

Local Activities

Maine has the Food Safety Group that meets to discuss food safety issues and allows us to foster contacts in the event of a food emergency. The group is made up of ME CDC, Agriculture, Health Inspection Program, Education, U Maine Cooperative extension, Marine Resources and FDA.

Food and Drug Administration Fact Sheet – Maryland

FDA Presence:

- 63 FDA employees in Maryland
- Resident Posts: Dundalk Marine Terminal (imports)
Reports to: Baltimore District, Baltimore, Maryland
Reports to: Central Region, Chicago, Illinois

Industry Presence in State - 2,941 FDA-regulated establishments

- Food establishments - includes cosmetics – 49 percent
- Medical device and Radiological establishments - 28 percent
- Human drug establishments – 10 percent
- Biologic establishments - includes blood banks – 5 percent
- Animal drug and feed establishments - 8 percent

Industry Highlights:

The industry in the state is very diverse and representative of the FDA national inventory, including large, medium and small firms active in all FDA regulated industries:

- Federal Food Service facilities
- Seafood
- Spices
- Bioresearch monitoring facilities (clinical investigators)
- Biotech facilities
- Imported products through the Port of Baltimore and BWI Airport

Contracts & Partnerships:

State Contracts

Maryland Department of Health and Mental Health

- Food/Seafood: Contract includes 180 inspections of food/seafood manufacturers, repackers, distributors, and warehouses.

Maryland Department of Agriculture

- Tissue Residue: Contract includes 5 inspections in follow-up to USDA findings of drug residues in excess of established tolerances in animals sold for human consumption.
- Bovine Spongiform Encephalopathy (BSE): Contract includes 100 inspections of feed manufacturers, retail operations, haulers and collection of 150 feed samples.

Food and Drug Administration Fact Sheet – Massachusetts

FDA Presence:

- 185 FDA employees in Massachusetts including the Regional Food & Drug Director, District Director, Compliance Branch, Investigations Branch, Management Program and Support Branch, State Programs Branch, Winchester Engineering and Analytical Center (WEAC), Regional Emergency Response Coordinator, QMS, and Public Affairs
- Resident Post: Worcester (5 employees) and
- Border Station: Boston (11 employees)
Report to: New England District, Stoneham, MA, District employees (97), contractors (2)
Reports to: Northeast Region, Jamaica, NY
- Regional Food & Drug Director, WEAC (56 employees), State Programs Branch (5), Quality System Manager, and the Regional Emergency Response Coordinator who
Report to: Northeast Region, Jamaica, NY
- HQ employees: DCIQA (1), DIO (2), DFSR (1), DTS (1), DIT (1)

Industry Presence in State – 4,167 FDA-regulated establishments

- Food establishments - includes cosmetics – 48 percent
- Medical Device and Radiological establishments – 33 percent
- Human drug establishments – 12 percent
- Animal drug and feed establishments – 2 percent
- Biologic establishments - includes blood banks – 5 percent

Industry Highlights:

- Houses almost one-half of the regulated industry in New England with special emphases in biotechnology, medical devices, and foods. Serves as corporate headquarters for many of these firms.
- In addition, as a coastal state, Massachusetts has a large inventory of seafood establishments.
- The WEAC laboratories provide specialized analytical services in engineering, medical device and radionuclide analysis. In this regard, the WEAC facility is FDA's only major field laboratory installation to provide service in these areas. WEAC is the primary field laboratory upon which CDRH relies for its analytical services. All engineering analysis for the GWQAP analytical program is performed at WEAC. In addition to the specialized analytical procedures for radionuclides in foods and radiopharmaceuticals, WEAC performs chemical and microbiological testing.

State Contracts and Partnerships:

State Contracts

Massachusetts Department of Public Health

- Conduct inspections of mammography facilities
- Conduct food sanitation inspections
- Conduct seafood HACCP (Hazard Analysis and Critical Control Point) inspections
- Participate in FDA's Manufactured Food Regulatory Program Standards

Local Activities

FDA is a participant in Massachusetts Partnership for Food Safety and the Massachusetts Coalition for Food Safety and Defense activities.

MA is a recipient of FDA's cooperative agreement intended to develop, implement and exercise an all hazards food and food borne illness Rapid Response Team (RRT). Within the scope of this agreement, the state in conjunction with FDA's New England District Office will host the National Center for Biomedical Research and Training (NCBRT) course: *A Coordinated Response to Food Emergencies: Practice and Execution*. This will be held on January 24-25, 2011.

Food and Drug Administration Fact Sheet – Michigan

FDA Presence:

- 124 FDA employees in Michigan
- Resident Posts: Grand Rapids, Kalamazoo, Detroit Ambassador Bridge, Port Huron and Sault Saint Marie
Report to: Detroit District Office, Detroit, MI
Reports to: Central Region Office, Chicago, IL

Industry Presence in State - 3,521 FDA-regulated establishments

- Food establishments - includes cosmetics – 44 percent
- Medical Device and Radiological establishments – 29 percent
- Animal drug and feed establishments – 12 percent
- Human Drug establishments (includes Medical Gas) – 11 percent
- Biological establishments - includes blood banks – 4 percent
- Bioresearch Monitoring Establishments – 5 percent

Industry Highlights:

Major firms:

- Drugs: JHP Pharmaceuticals, Pharmacia and Upjohn Co. Div. of Pfizer, Dow Chemical, Perrigo, Albemarle Corporation, Vertellus Health and Specialty Products, Caraco Pharmaceutical.
- Foods: Mead Johnson Nutritionals, Ross Laboratories, Gerber Products, Kellogg Co., Post Cereals.
- Devices: Dow Corning, Stryker Instruments, Terumo Cardiovascular Systems Corp., Atek Medical Manufacturing, Amigo Mobility, Tri-State Hospital Supply.
- Biologics: Emergent BioDefense Operations Lansing (formerly Bioport, sole source of Anthrax vaccine), American Red Cross National Testing Laboratory.
- Imports: Detroit District ports of entry include airports, seaports, and border crossings along the Canadian border. FDA-regulated commodities entering through these ports include food, drugs, medical devices and radiological products, biologics and cosmetics.

Contracts & Partnerships:

State Contracts

Michigan Department of Agriculture

- Conduct medicated feed mill and BSE rule inspections
- Conduct follow up investigations of violative drug tissue residues of food animals detected at the time of slaughter.
- Conduct food safety inspections (410 Inspections in FY10).

Michigan Department of Health

- Conduct inspections of mammography facilities.

State Partnerships

Michigan Department of Agriculture

- Implement an inspection plan to assure quality of non-Interstate Milk Shippers dairy products, other foods & drinks produced at dairy plants.
- Collect animal feed samples for pesticide residue analysis by FDA.

Michigan Department of Public Health

- Educate consumers about the risks and dangers of health fraud.

State Cooperative Agreements

- BSE
- Rapid Response Team

Food and Drug Administration Fact Sheet – Minnesota

FDA Presence:

- 98 FDA employees in Minnesota
- Resident Post: International Falls
Reports to: Minneapolis District: Minneapolis
Reports to: Central Region, Chicago, Illinois

Industry Presence in State - 5,388 FDA-regulated establishments:

- Food establishments - includes cosmetics - 39 percent
- Medical device and Radiological establishments - 19 percent
- Animal drug and feed establishments – 34 percent
- Human drug establishments – 6 percent
- Biologic establishments - includes blood banks – 2 percent

Imports:

- There are 10 ports of entry in the State of Minnesota.
- FDA regulated import entries are predominantly human food whole grain and milled products and non-medicated feed on the Northern border. Entries made through the Minneapolis ports are predominately Medical Devices and human food with fewer human drugs, radiological products and ceramic ware.
- Minnesota FDA regulated import entries are predominantly handled out of the Minneapolis District Office and one Resident Post on the Canadian border - International Falls.

Industry Highlights:

- Leads the nation in production of sugar beets, green peas and sweet corn for processing, and turkeys
- Second in the nation in production of spring wheat, oats, dry edible beans, and canola. Other key crops/products include corn, sunflowers, soybeans, barley, potatoes, flaxseed, total cheese, American cheese, milk, honey, milk cows, and hogs.
- Minnesota ranks seventh nationally in agricultural exports
- Minnesota is home to such major firms as Medtronic, General Mills, 3M, Pillsbury, Land O'Lakes, Boston Scientific, and St. Jude Medical
- The University of Minnesota and the Mayo Clinic are very active in medical bio-research

Contracts & Partnerships:

State Contracts

Minnesota Department of Agriculture

- Conduct GMP inspections of licensed medicated feed mills and BSE inspections at licensed and unlicensed feed facilities.

- Conduct food safety inspections, seafood HACCP, juice HACCP, LACF, and elevator inspections.
- Conduct follow-up investigations of first time violators of tissue residues in food animals.

Minnesota Department of Health

- Conduct MQSA audits of mammography facilities.

State Cooperative Agreements (Grants)

Minnesota Department of Agriculture

- BSE cooperative agreement to develop and improve the infrastructure of the state feed safety and BSE prevention programs.
- Food Safety Task Force to coordinate and address food safety and defense issues among regulated industry and regulators within the state.
- Food Protection Rapid Response Team Cooperative Agreement is to develop and sustain an all Food Hazards Rapid Response Team, encompassing both food and feed protection programs, through a process to further enhance and build the infrastructure of State food protection programs.

Food and Drug Administration Fact Sheet – Mississippi

FDA Presence:

- Eight FDA employees in Mississippi
- Resident Post: Jackson
Reports to: New Orleans District (currently located in Nashville, TN), who
Reports to: Southeast Region: Atlanta, Georgia

Industry Presence in State – 960 FDA-regulated establishments

- Food establishments - includes cosmetics – 44 percent
- Medical device and Radiological establishments – 25 percent
- Human drug establishments – 13 percent
- Animal drug and feed establishments – 14 percent
- Biologic establishments - includes blood banks – 4 percent

Industry Highlights:

- Two major ports of entry – Gulfport, Pascagoula. Most of the bananas imported into the U.S. are entered through the Port of Gulfport.
- Seafood – Mississippi's primary food industry includes Gulf shrimp and oysters from the coast and farm-raised catfish in the Delta.
- Agriculture – Poultry, timber, cattle, cotton, and soybeans are major agricultural crops.
- Shipbuilding – A sizeable shipbuilding industry is located in the city of Pascagoula.
- Human Drugs and Devices – Baxter operates a large LVP and device manufacturing facility in Cleveland.
- The Gulf Coast area was affected by Hurricanes Katrina & Rita in 2005. The industry is still recovering and will continue to be for a number of years.
- The Deepwater Horizon oil spill in 2010 has significantly affected the Gulf Coast seafood industry.

Contracts & Partnerships:

State Contracts

Mississippi Department of Health

- Conduct food sanitation inspections.

State Partnerships

Mississippi Department of Health

- Share oversight and authority of regulated Interstate Milk Shippers, Milk Processing Plants, and IMS listed Single Service Container Manufacturing Plants in Mississippi.
- Cooperate in the evaluation of Mississippi's efforts to control contributing factors linked to food borne illness outbreaks.

Mississippi Departments of Marine Resources, Agriculture, and Health

- Establish a cooperative emergency response plan for natural disasters.

Special Programs

- Food Safety Task Force, which includes: MS Department of Health; MS Department of Agriculture and Commerce; MS Department of Marine Resources; MS State University Extension Service; MS Chemical Laboratory; MS Restaurant Association, and MS Farm Bureau.

Food and Drug Administration Fact Sheet – Missouri

FDA Presence:

- 60 FDA employees in Missouri.
- Resident Posts: St. Louis (26), Springfield (4)
Report to: Kansas City District, Lenexa, Kansas, who
Reports to: Southwest Region, Dallas, Texas
- CDER National Division of Pharmaceutical Analysis (*St. Louis – 30*)

Industry Presence in State - 2,763 FDA-regulated establishments

- Food establishments - includes cosmetics – 41 percent
- Medical device and Radiological establishments – 25 percent
- Animal drug and feed establishments - 16 percent
- Human drug establishments - 14 percent
- Biologic establishments - includes blood banks - 4 percent

Industry Highlights:

- Key Agricultural Products:
 - Major crops include soybeans, corn and wheat.
 - During the year 2000, the state produced 4.4 million head of cattle and 263 million chickens.
- Bio-technology:
 - Missouri ranks 11th among the top 25 biotechnology industry states in U.S.
- Major Veterinary Pharmaceutical Industry.
- The Southwest Import District handles imports for the State of Missouri.
The majority of imported products are medical devices and foods.

Contracts, Partnerships & Local Activities:

State contracts

Missouri Department of Health and Senior Services

- Conduct inspections of mammography facilities.
- Conduct food safety inspections

State Partnerships

Missouri Department of Agriculture

- Conduct inspections and information sharing related to BSE.

Missouri Department of Health and Senior Services

- Coordinate the oversight of dairy manufacturing facilities.

Local Activities

- Pharmaceutical Technical Exchange Association (PTEA) organized by FDA's Kansas City District to facilitate information exchange among the 200 member firms. PTEA meets semi-annually.

Food and Drug Administration Fact Sheet – Montana

FDA Presence:

- Seven FDA employees in Montana
- Resident Posts: Helena and Sweet grass
Report to: Seattle District: Bothell, Washington,
Reports to: Pacific Region: Oakland, California

Industry Presence in State – 1.218 FDA-regulated establishments

- Food establishments - includes cosmetics – 67 percent
- Medical device and Radiological establishments – 10 percent
- Human drug establishments – 8 percent
- Animal drug and feed establishments – 13 percent
- Biologic establishments - includes blood banks – 2 percent

Industry Highlights:

- Production and processing of high protein grains and cereals is the leading agricultural activity followed by the beef industry.
- The largest General Mills facility is located in Billings, Montana.
- Over 270 grain elevators are subject to FDA inspectional jurisdiction.

Contracts & Partnerships:

State contracts

Montana Department of Agriculture

- Conduct BSE inspections.

Montana Department of Public Health and Human Services

- Conducts inspections of mammography facilities and food facilities.
- Conducts food sanitation inspections.

State Partnerships

Montana Department of Agriculture

- The cooperative program encourages work sharing, data sharing, and educational exchange with respect to safety of animal feed.

Montana Department of Public Health and Human Services

- Establish working arrangements concerning mutual planning and sharing of reports for inspections, investigations, and analytical findings, related to food firms operating in the State of Montana.

Food and Drug Administration Fact Sheet – Nebraska

FDA Presence:

- Four FDA employees in Nebraska
- Resident Post: Omaha
- Reports to: Kansas City District, Lenexa, Kansas
- Reports to: Southwest Region, Dallas, Texas

Industry Presence in State - 1,302 FDA-regulated establishments

- Food establishments - includes cosmetics - 43 percent
- Animal drug and feed establishments - 30 percent
- Medical device and radiological establishments -14 percent
- Human drug establishments -10 percent
- Biologic establishments - includes blood banks - 3 percent

Industry Highlights:

Key Agricultural State

- Major products include cattle, corn, hogs, soybeans, wheat, sorghum
- Major Industry involves food processing of state's farm output
- In 2004, produced 6.7 million cattle; 3 million hogs, 15 million chickens/broilers

Imports in Nebraska: The import entries are handled by the Southwest Import District. The primary imported products are fresh fruits/vegetables, candies, cosmetics and devices.

Contracts, Partnerships & Local Activities:

State Contracts

Nebraska Department of Agriculture

- Conduct inspections of the animal feed industry for compliance of GMP & BSE regulations.
- Conduct food safety inspections.

State Partnerships

Nebraska Department of Agriculture

- Share oversight of dairy manufacturing facilities.

Local Activities

- Nebraska is one of 8 states awarded funding under a cooperative agreement designed to enhance the state's animal feed safety and BSE prevention programs.

- Nebraska Department of Agriculture has enrolled in FDA's nationally recognized Retail Food Standards Program.
- Nebraska Food Safety Task Force – Established under FDA-funded grant.

Food and Drug Administration Fact Sheet - Nevada

FDA Presence:

- Three FDA employees in Nevada
- Resident Posts: Reno, Las Vegas
Reports to: San Francisco District, Alameda, California, who
Reports to: Pacific Region, Oakland, California

Industry Presence in State – 823 FDA-regulated establishments

- Medical device and radiological establishments – 44 percent
- Food establishments - includes cosmetics – 25 percent
- Animal drug and feed establishments – 12 percent
- Human drug establishments – 14 percent
- Biologic establishments - includes blood banks - 5 percent

Industry Highlights:

- Growth of tourism and entertainment industry -- more than 7,000 food service establishments in Clark County (including Las Vegas) alone and expansion of food-related industries in the state.

Contracts & Local Activities:

State Contracts

Nevada Department of Health and Human Services

- Conduct inspections of food manufacturing facilities
- Conduct inspections of mammography facilities.

Local Activities

- Ongoing public affairs cooperation with Nevada Cooperative Extension Service, Nevada Dietetic Association, University of Nevada-Las Vegas and University of Nevada-Reno.
- FDA has worked closely with the Nevada State Health Division, Bureau of Health Protection Services, in oversight and training in areas of acidified foods and fluid milk, to provide for better coverage and more uniform application of laws and regulations.

Food and Drug Administration Fact Sheet – New Hampshire

FDA Presence:

- Four FDA employees in New Hampshire
- Resident Post: Concord
Reports to: New England District, Stoneham, Massachusetts who
Reports to: Northeast Region, Jamaica, New York

Industry Presence in State – 623 FDA-regulated establishments:

- Food establishments - includes cosmetics – 44 percent
- Medical Device and Radiological establishments – 37 percent
- Human drug establishments – 14 percent
- Animal drug and feed establishments – 2 percent
- Biologic establishments - includes blood banks – 3 percent

Industry Highlights:

- New Hampshire's inventory of firms makes up approximately 7% of the New England District Official Establishment Inventory of regulated firms, with an emphasis on foods and medical devices.

State Contracts, Partnerships & Local Activities

None

Food and Drug Administration Fact Sheet – New Jersey

FDA Presence:

- 102 employees in New Jersey
- Resident Posts: Voorhees, North Brunswick
Report to: New Jersey District, Parsippany, New Jersey
Reports to: Central Region, Chicago, Illinois

Industry Presence in State - 5,162 FDA-regulated establishments

- Food establishments - includes cosmetics – 46 percent
- Medical Device and Radiological establishments – 32 percent
- Human Drug establishments – 16 percent
- Biological establishments - includes blood banks – 3 percent
- Animal drug and feed establishments – 3 percent

Industry Highlights:

- New Jersey is home to some of the largest pharmaceutical Companies in the country. Throughout the 1990's, New Jersey-based pharmaceutical companies discovered and developed more than 1/3 of new drugs approved by FDA and are responsible for over 40% of the prescription medicine sales in the U.S.
 - The medical device industry produces approximately 8% of U.S. medical technology sales.
 - New Jersey also has a large and thriving seafood industry and is home to Numerous major food-processing companies.

Contracts & Partnerships:

State Contracts

New Jersey Department of Health and Senior Services

- Conducts over 400 food safety inspections, including seafood HACCP inspections.

New Jersey Department of Environmental Protection

- Conducts inspections of mammography facilities

New Jersey Department of Agriculture

- Conducts follow up investigations of violative tissue residues in food animals
Found at the time of slaughter.
- Conduct inspections of feed mills for compliance with medicated feed and BSE-related requirements.

State Partnerships

New Jersey Department of Health and Senior Services

- Training and equipment to enhance capabilities of State to conduct food safety inspections.

New Jersey Department of Environmental Protection

- Equipment and supplies to enhance collection and analysis of agricultural Food commodities for pesticide levels.

Food and Drug Administration Fact Sheet – New Mexico

FDA Presence:

- There is one FDA employee in New Mexico at this time.
- Albuquerque Resident Post with one employee reports to: Denver District Office in Denver, Colorado
- Denver District Office Reports to Southwest Regional Office in Dallas Texas Santa Teresa Resident Post with one employee and Columbus Resident Post with no employees report to Southwest Import District in Dallas, Texas
Southwest Import District Reports to the Southwest Regional Office in Dallas Texas

Industry Presence in State – 793 FDA-regulated establishments

- Food establishments - includes cosmetics - 44 percent
- Human drug establishments - 20 percent
- Medical device and Radiological establishments - 20 percent
- Animal drug and feed establishments - 11 percent
- Biologic establishments - includes blood banks - 5 percent

Industry Highlights:

- Cattle and dairy products top the list of major animal products of New Mexico. Cattle, sheep, and other livestock graze most of the arable land of the state throughout the year.
- Limited, scientifically controlled dry land farming prospers alongside cattle ranching. Major crops include hay, nursery stock, pecans, and Chile peppers. Hay and sorghum top the list of major dry land crops. Farmers also produce onions, potatoes, and dairy products. New Mexico specialty crops include pinion nuts, pinto beans, and chilies. Third in natural gas production, second in onshore proven gas reserves and first in coal bed methane gas production and reserves. Leader in alternative power sources.
- Industrial output, centered around Albuquerque, includes electric equipment; petroleum and coal products; food processing; printing and publishing; and stone, glass, and clay products. Defense-related industries include ordnance. Important high-technology industries include lasers, data processing, and solar energy.
- Imports in New Mexico: The Southwest Import District (SWID in Dallas) received 93,605 line entries during fiscal year 2010 through New Mexico ports of entry. The primary imported products are alcoholic beverages and seafood.

Contracts and Partnerships:

State Contracts

New Mexico Department of Agriculture and Environmental Services

- Conduct inspections of medicated feed mills for safety and BSE control

New Mexico State University

- Conduct scientific review of rapid test methods for validity and potential use in FDA Laboratories for regulatory screening

State Partnerships

New Mexico Department of Agriculture

- Conduct federal compliance testing of new assemblies or re-assemblies of x-ray equipment.

New Mexico Departments of Health, Agriculture, Environment, Livestock; Albuquerque City Health Department, Bernalillo County Environmental Health Department; NM Food Producers/Processors Association; NM University Cooperative Extension Service; and other industry and consumer groups Formalize ongoing cooperative program to educate regulators, industry & consumers on HACCP, food safety principles, & develop/implement statewide HACCP training plan.

Food and Drug Administration Fact Sheet – New York

FDA Presence:

- 420 FDA employees in New York State
- Resident Posts: Albany, Alexandria Bay, Binghamton, Champlain, Central Islip, Massena, New Windsor, Ogdensburg, Rochester, Syracuse, Port Elizabeth, NJ and White Plains, in addition to an office in Buffalo. We also maintain 2 permanent offices at the Port of Buffalo (Peace Bridge and Lewiston Bridge)
Report to: New York District, Jamaica (New York) who
Reports to: Northeast Region, Jamaica (New York)
Northeast Regional Laboratory, New York who reports to: Northeast Region

Industry Presence in State – 9,921 regulated establishments

- Food establishments - includes cosmetics - 42 percent
- Medical Device and Radiological establishments - 35 percent
- Human drug establishments - 12 percent
- Animal drug and feed establishments - 8 percent
- Biologic establishments - includes blood banks - 3 percent

Industry Highlights:

- Imports - New York District ports of entry include airports, a seaport (located in Port Elizabeth, NJ), and numerous border crossings along the Canadian border. Approximately 20% of the FDA regulated commodities enter the country through New York. Cheese, cosmetics, and active pharmaceutical ingredients are the top three high volume commodities entering New York. An international postal facility at JFK Airport requires New York District surveillance activity to regulate a significant volume of pharmaceutical entries. Another facility is located in Secaucus, NJ where mail from ocean borne carriers is handled. Along the Canadian Border imports are covered using two shifts from Sunday through Friday. We are successful in improving our effectiveness in import coverage by leveraging with the NY State Department of Agriculture and Markets, The Canadian Food Inspection Agency, Health Canada and with other government agencies including, Customs and Border Protection, USDA, Fish and Wildlife and the US Postal Service.
- Generic drugs - New York supports a significant generic drug industry.
- Bioresearch – A significant number of clinical investigators and Institutional Review Boards affiliated with the many NYC metropolitan hospitals.
- Dairy - New York is one of the lead dairy states in the country.
- Livestock - New York receives a significant number of reports on violative residues in food animals detected at the time of slaughter from the USDA.

- Food - New York is the home of a highly visible food interstate conveyance sanitation program at the airports, rail and bus transportation locations. Food processors would include smoked fish, seafood, vegetables and cheese.
- There were 4,200,440 line entries of FDA-regulated products that were imported through the New York ports of entry for Fiscal Year 2010.

Contracts & Partnerships:

State contracts

New York Department of Agriculture and Markets

- Conducts sanitation, seafood HACCP, juice HACCP, LACF/AF, BSE, medicated feed and tissue inspections.
- NYSDAM is in phase III of the food audit process and is responsible for conducting audits of its own inspectors.

New York State Department of Health

- Conduct inspections of mammography facilities.

State Partnerships

New York Department of Agriculture and Markets

- Coordinate the food protection efforts to reduce consumer risk, eliminate duplication, define regulatory roles, and improve channels of communication.
- Provides information on State initiated recalls.
- Collects food samples for pesticide analysis.

Other

- Conduct inspections of mammography facilities by New York City inspectors.
- Enhanced collaborative efforts with Customs and Border Protection resulting in the detection of entries previously circumventing FDA's entry review process.
- NYSDAM and FDA to work together to halt the entry and distribution of adulterated foods of import origin. This collaborative effort will include the sampling of imported foods encountered by NYSDAM in the domestic marketplace for ultimate submission to FDA for analysis. When a violation is confirmed by both Agencies, NYSDAM will initiate the appropriate regulatory action on the market while FDA will initiate an Import Alert to prevent future entries of the violative product.
- Collaborate with the Office of the Canadian Consulate General to conduct periodic new exporter seminars, using education as a means to achieve compliance. The Consulate coordinates logistics regarding meeting sites, reproduction of handouts, and solicitation of attendees.
- Leveraging with the Canadian Food Inspection Agency and Health Canada to share information, in real time, when high risk violations are encountered in the regulated products crossing the shared border. This

offers enhanced consumer protection to both US and Canadian Consumers.

Food and Drug Administration Fact Sheet – North Carolina

FDA Presence:

- 17 FDA employees in North Carolina
- Resident Posts: Asheville, Charlotte, Greensboro, Greenville, Raleigh, and Wilmington
Report to: Atlanta District, Atlanta, Georgia, who
Reports to: Southeast Region, Atlanta, Georgia
- HQ employee: ORO-1

Industry Presence in State – 2,607 FDA-regulated establishments

- Food establishments - includes cosmetics – 37 percent
- Medical Device and Radiological establishments – 29 percent
- Human Drug establishments – 18 percent
- Animal Drug and Feed establishments – 11 percent
- Biological establishments - includes blood banks – 5 percent

Industry Highlights:

- Major international drug firms located in Research Triangle Park area
- Significant medical device industries
- Land ports in Charlotte (15,000 entries per annum), Raleigh-Durham (27,455 entries per annum), and Greensboro (4,000 entries per annum)—major products include foods, drugs, and medical devices. Sea ports in Wilmington (3,600+ entries per annum)—major products include animal feeds and commodities such as grapes, and Morehead City-Beaufort (less than 25 entries per annum)—major products include dry bulk animal feed and human food.

Contracts, Partnerships & Local Activities:

State Contracts

North Carolina Department of Agriculture

- Conduct inspections of feed mills for medicated feed and BSE
- Conduct food sanitation inspections

North Carolina Department of Environment & Natural Resources

- Conduct inspections of mammography facilities.

- Conduct inspection of fish & fisheries products processors for compliance with the Hazard Analysis and Critical Control Points (HACCP) regulations.

State Partnerships

North Carolina Department of Agriculture

- Conduct joint statutory inspectional coverage of the medical gas Manufacturing and repacking industries.

Local Activities

North Carolina Food Safety and Security Task Force

Food and Drug Administration Fact Sheet – North Dakota

FDA Presence:

- 8 FDA employees in North Dakota
- Resident Posts: Dunseith, Fargo, Pembina and Portal
Report to: Minneapolis District, Minneapolis, Minnesota
Reports to: Central Region, Chicago, Illinois

Industry Presence in State - 1,416 FDA-regulated establishments

- Food establishments - includes cosmetics – 53 percent
- Animal drug and feed establishments - 40 percent
- Medical Device and Radiological establishments -4 percent
- Human drug establishments - 2 percent
- Biologic establishments - includes blood banks - 1 percent

Imports:

- There are 22 active ports of entry in the State of North Dakota.
- FDA regulated import entries are predominantly human food whole grain and milled products and non-medicated animal feed.
- North Dakota FDA regulated import entries are predominantly handled out of the 2 ND Northern border ports staffed by FDA in Pembina and Portal.

Industry Highlights:

- Agriculture – Leads the nation in the production of durum wheat, spring wheat, honey, barley, lentils, sunflowers, dry edible beans, dry edible peas, flaxseed, and canola. Other key crops include oats, potatoes, soybeans, and sugar beets.
- Raising of elk, deer and buffalo for meat is a part of the state's agri-industry.
- North Dakota ranks eighth nationally in agricultural exports.

Contracts & Partnerships:

State Contracts

North Dakota Department of Agriculture

- Conduct GMP inspections of licensed feed mills, and BSE inspections of licensed and unlicensed feed facilities.
- Conduct follow up investigations of first time violators of tissue residues in food animals.

North Dakota Department of Health

- Conduct inspections of mammography facilities.

Food and Drug Administration Fact Sheet – Ohio

FDA Presence:

- 178 FDA employees in Ohio
- Resident Posts: Cincinnati South, Brunswick (Cleveland area), Columbus, and Toledo
Report to: Cincinnati District, Cincinnati, Ohio
Reports to: Central Region, Chicago, Illinois
- Forensic Chemistry Center: Cincinnati, Ohio
- The Cincinnati District Office and the Forensic Chemistry Center are separate organizations, each report to the Central Region in Chicago, IL.

Industry Presence in State - 4,786 FDA-regulated establishments

- Food establishments - includes cosmetics - 45 percent
- Medical Device and Radiological establishments – 31 percent
- Human drug establishments - 13 percent
- Animal drug and feed establishments - 7 percent
- Biologic establishments - includes blood banks - 4 percent

Industry Highlights:

- Foods: Ohio is headquarters to many national and international food, and flavor firms. The state is a leader in many areas including: frozen specialty foods, pet food, ketchup and is the nation's largest producer of Swiss cheese and second in egg production. The world's largest pizza, soup and yogurt plants call Ohio home.
- Agriculture: Ohio includes a significant agricultural base including "mega-farms".
- Drugs: Ohio is the home of numerous pharmaceutical facilities.
- Devices: Ohio is home to firms which are world wide suppliers of x-ray equipment, wheelchairs and "sterilizers."

Contracts, Partnerships & Local Activities:

State Contracts

Department of Agriculture

- Conduct inspections of feed mills for medicated feed and BSE.
- Conduct human food sanitation inspections including Seafood & Juice HACCP.
- Conduct follow up investigations of violative drug residues in food animals at the time of slaughter.

Department of Health

- Conduct inspections of mammography facilities.

State Partnerships

Ohio Department of Agriculture (ODA)

- Establish training for state employees in analytical procedures & to conduct joint inspections.
- Joint training of the livestock industry on producing and marketing livestock without drug residues.
- Participated in FDA eSAF training.
- Participated in Better Process Control School.
- Partnered to provide Seafood and Juice HACCP training for industry.
- Participated in Food Inspections including environmental sampling.

Ohio Department of Health (ODH)

- Conduct federal compliance testing of new assemblies or re-assemblies of x-ray equipment.

Local Activities

- CIN-DO holds an annual partnership meeting with ODA Food Division, ODA Laboratories and ODH.
- CIN-DO attends quarterly FORC-G Meetings with State and local officials on food safety issues.

Food and Drug Administration Fact Sheet – Oklahoma

FDA Presence:

- Four FDA employees in Oklahoma
- Resident Posts: Oklahoma City and Tulsa
Report to: Dallas District, Dallas, Texas who
Reports to: Southwest Region, Dallas, Texas
- Import entries are handled from the Southwest Import District office in Dallas, Texas and with the assistance of the staff located at the Dallas District Oklahoma Resident Posts.

Industry Presence in State – 2,022 FDA-regulated establishments

- Food establishments - includes cosmetics – 55 percent
- Animal drug and feed establishments - 19 percent
- Medical device and Radiological establishments – 13 percent
- Human drug establishments – 10 percent
- Biologic establishments - includes blood banks - 3 percent

Industry Highlights:

- Eggs - Oklahoma is a major egg production state.
- Poultry – Oklahoma is home to several Tyson poultry production facilities
- Foods – Oklahoma is the home of Bama® pies.
- Grains - Oklahoma produces a significant amount of winter wheat, peanuts, soybeans, and seeds for sprouts.
- Farming - Oklahoma is a major producer of feeder cattle, milk and catfish.
- Medical devices – Oklahoma is home to major device manufacturers including Smith & Nephew Endoscopy, dental implants and kidney dialysis supplies.
- Dietary Supplements – Oklahoma is home to Shaklee manufacturing.
- Bioresearch – the University of Oklahoma, School of Medicine generates work in the bioresearch program area.
- Southwest Import District: The entries received through Oklahoma are reviewed by SWID Investigators. The number of line entries received during fiscal year 08 was 4,831 lines. The primary imported products are devices and processed foods.

Contracts, Partnerships and Local Activities:

State Contracts

Oklahoma Department of Health

- Conduct inspections of mammography facilities.
- Conduct inspections of food manufacturing and storage facilities

Oklahoma Department of Agriculture

- Conduct inspections of feed mills to determine compliance with BSE Rule.

State Partnerships

Oklahoma Department of Agriculture

- Share oversight and authority of regulated dairy manufacturing facilities

Dallas District Public Affairs Specialists respond to consumers and media inquires and conduct consumer education outreach to diverse constituents, including Native American tribes.

Southwest Import District Public Affairs Specialist: Focuses on Import issues. Conducts education and outreach to the Import industry, State and other government officials and supports border health issues.

Food and Drug Administration Fact Sheet - Oregon

FDA Presence:

- 26 FDA employees in Oregon
- Resident Posts: Portland and Beaverton who Report to: Seattle District, Bothell, Washington who Reports to: Pacific Region, Oakland, California

Industry Presence in State – 2,956 FDA-regulated establishments

- Food establishments - includes cosmetics – 67 percent
- Medical device and Radiological establishments - 17 percent
- Human drug establishments - 8 percent
- Animal drug and feed establishments - 6 percent
- Biologic establishments - includes blood banks - 2 percent

Industry Highlights:

- Oregon agriculture, fisheries, and food processing activities are valued to exceed \$5.25 Billion in commerce.
- Biotechnology, medical device, and medical research activities are growing industries within the State.

Contracts, Partnerships & Local Activities:

State Contracts

Oregon Department of Agriculture

- Conduct food sanitation inspections.
- Conduct follow-up investigations of violative tissue residues in food animals at the time of slaughter.
- Conduct BSE inspections.

Oregon State Department of Human Resources

- Conduct inspections of mammography facilities

State Partnerships

Oregon State Department of Agriculture

- Share information and training to enhance consumer protection in food safety.

Local Activities

FDA representatives participate in:

- Interagency Food Safety Team
- Oregon Alliance Working for Antibiotic Resistance Education
- Collaborative activity with the Northwest Food Processor Association to promote food defense awareness

Food and Drug Administration Fact Sheet – Pennsylvania

FDA Presence:

- Approximately 113 employees in Pennsylvania
- Residence Posts: Harrisburg, Pittsburgh, Wilkes Barre
Report to: Philadelphia District, Philadelphia
Reports to: Central Region, Chicago, Illinois

Industry Presence in State – 4.925 FDA-regulated establishments

- Food Establishments - includes cosmetics – 42 percent
- Medical Device and Radiological establishments - 30 percent
- Human Drug establishments - 18 percent
- Animal drug and feed establishments – 5 percent
- Biological establishments - includes blood banks – 5 percent

Industry Highlights:

- Pennsylvania has a large pharmaceutical industry.
- Pennsylvania is one of the Nation's largest producers of dairy products, mushrooms, poultry and eggs.

Contracts, Partnerships & Local Activities:

State Contracts:

PA Department of Agriculture (PDA)

- Conducts inspections of medicated feed mills, including coverage of BSE.
- Conducts inspections of mammography facilities
- Conducts inspections of 100-150 food manufacturers in PA annually.

State Partnerships:

PA Food Safety Council (PFSC), a partnership with the state and local governments, academia, industry and USDA to address food safety issues.

PA Department of Agriculture:

- Coordinates regulatory activities enforcing the Nutrition Labeling & Education Act.
- Coordinates work planning and inspectional activities to assure all non-medicated feed mills in PA are inspected yearly, for compliance with regulations designed to prevent the introduction of BSE

PA Department of Agriculture and the PA Department of Health:

- Assure consumers that eggs from Pennsylvania are of minimal risk to cause food-borne disease from *Salmonella enteritidis*.

Memorandum of Understanding (MOU):

- PA Department of Agriculture, PA Dept. of Health and a number of PA egg producers for egg inspections under the PA Egg Quality Assurance Program.

Food and Drug Administration Fact Sheet – Puerto Rico

FDA Presence:

- 75 FDA Full Time employees in Puerto Rico
5 Part-Time Students
3 Science Advisors
- Resident Posts: Aguada, Ponce and US Virgin Islands
- National Drug Specialty Laboratory- Accredited in May 2006 under ISO 17025.
Reports to: San Juan District Office,
Reports to: Southeast Region, Atlanta, GA
- Office of Criminal Investigations (OCI): 5 FT employees- reports to OCI
FLA-FO

Industry Presence in State – 1,499 FDA-regulated establishments

- Food establishments - includes cosmetics – 51 percent
- Medical device and radiological establishments – 25 percent
- Human drug establishments – 16 percent
- Animal drug and feed establishments – 5 percent
- Biologics establishments - includes blood banks – 3 percent

Industry Highlights:

- Puerto Rico (P.R.) is reported to have the 3rd largest bio-manufacturing capacity in the world; 53% of PhRMA affiliates have operations in Puerto Rico.
- PR is both large and specialized based on employment concentration and employment size as a share of U.S. employment in the pharmacy sector (BIO/Batelle).
- In 2001, P.R. ranked 1st in percent share of pharmaceutical global exports and 5th in percent share of pharmaceutical global production. In 2003 P.R. was the world's largest international shipper of pharmaceutical products with a 24.5% share of total shipments. In 2004, Puerto Rico exports in the pharmaceutical industry reached \$35.2 billion or 64% of all island exports.
- In 2008, 13 of the top 20 ethical prescription drug products sold in USA as well 13 of the top 20 Rx products sold globally were manufactured in Puerto Rico.
- Major manufacturers include: Astra Zeneca/IPR, Pfizer, Eli Lilly, Abbott, Wyeth, Bristol Myers Squibb, Merck Sharp & Dhome, Biovail, APP, Amgen, Procter & Gamble, Schering-Plough, J&J Pharmaceutical Partners (Janssen, McNeil, Ortho), Legacy, Roche Pharma, and Warner-Chilcott.
- Some of our major manufacturers have taken a leading role in the development of PAT processes and the development and advanced implementation of anti-counterfeiting technologies such as RFID.
- Major pharmaceutical companies have brought their biotechnology

manufacturing to Puerto Rico or are in the process of doing so:

- Amgen
- Ortho Inc.
- Lilly
- Abbott
- Other companies are moving part of their process development and research to P.R.: Bristol Myers Squibb, Abbott, and Mova Pharmaceuticals. Becton Dickinson is also expanding into this area.
- Our inventory of medical device manufacturers has increased to about 80 in the last few years; approximately 50% of all pacemakers and defibrillators sold in the US mainland are manufactured here.
- San Juan is a significant trans-shipment point for cargo – fresh produce, non-perishable goods, active pharmaceutical ingredients and device parts from around the world are also imported for further manufacturing or processing on the Island.
- Puerto Rico has the largest, noncontiguous Foreign Trade Zone (FTZ) system in the United States.
- There is one International Mail Facility located in Carolina, P.R.

International Work

- SJN- District operational staff is fully bilingual. 50% of our chemists and 70% of our investigators are active in the foreign inspection cadre. Our staff also plans and supports educational activities on QSR and GMP for representatives of regulatory agencies throughout Latin America and the Caribbean, through organizations such as ISPE, PDA, Pharmaceutical Industry Assoc. of PR, PAHO, foreign government organizations and Academia. Our employees travel to South and Central America, Mexico, Europe, Asia, and Canada, among others.

Contracts, MOUs & Partnerships

- P.R. Department of Health- Environmental Health Division:
 - Contract to conduct inspections of food manufacturers for sanitation
 - Pilot to share violative food inspections cases to leverage enforcement.
 - MOU: Confers embargo and seizure powers to SJN-DO for inspection of regulated goods in response to natural disasters.
 - Publication of the Federal Food Code Handbook in Spanish for Health Department to train their inspectors. 200 graduated in December 2006.
 - Published a summary of the Food Code, both in Spanish and English, to train Puerto Rico and USVI food establishments' staff.
- P.R. Department of Health- Radiological Health Division:
 - Contract to conduct inspections of mammography facilities.
- P.R. Department of Agriculture:
 - MOU on emergency relocation, complying with COOP requirements.
 - Agrological Lab accepted into FERN.
- P.R. Department of Consumer Affairs

- Pilot to share information on violative dietary supplements and unapproved drugs, particularly in the area of ED and sexual enhancement drugs.
- SJN Public Affairs Partnerships/Consumer Outreach Programs
- Food Defense/ALERT Outreach for Food Retailers and State Inspectors
- Food Safety Education Consortium
- Obesity in Childhood
- Puerto Rico Health Fraud Task Force
- Generic Drugs Campaign
- Women's Health Issues
- Women and Diabetes
- Breast Cancer Awareness

Food and Drug Administration Fact Sheet – Rhode Island

FDA Presence:

- Six FDA employees in Rhode Island
- Resident Post: Riverside
Reports to: New England District, Stoneham, Massachusetts, who
Reports to: Northeast Region, Jamaica, New York

Industry Presence in State – 635 FDA-regulated establishments

- Food establishments - includes cosmetics – 48 percent
- Medical Device and Radiological establishments – 33 percent
- Human drug establishments – 14 percent
- Animal drug and feed establishments – 2 percent
- Biologic establishments - includes blood banks – 3 percent

Industry Highlights:

- Rhode Island is responsible for 7% of the District's Official Establishment Inventory of FDA-regulated firms with an emphasis on foods and medical devices.

State Contracts and Partnerships

State Contracts

Rhode Island Department of Health

- Conduct food sanitation inspections
- Conduct seafood HACCP (Hazard Analysis and Critical Control Point) inspections
- Conduct inspections of mammography facilities.
- Participate in FDA's Manufactured Food Regulatory Program Standards

Local Activities

Rhode Island has a Food Safety Task Force in which FDA is a participant. They also hold meetings and training sessions sponsored by the Food Safety Task Force in which FDA participates.

Food and Drug Administration Fact Sheet – South Carolina

FDA Presence:

- 12 FDA employees in South Carolina
- Resident Posts: Charleston, Columbia, and Greenville
Report to: Atlanta District, Atlanta, Georgia, who
Reports to: Southeast Region, Atlanta, Georgia

Industry Presence in State – 1,259 FDA-regulated establishments

- Food establishments - includes cosmetics – 49 percent
- Medical Device and Radiological establishments – 27 percent
- Human Drug establishments – 12 percent
- Biological establishments - includes blood banks – 5 percent
- Animal Drug and feed establishments – 7 percent

Industry Highlights:

- Major egg industry
- Major food supplement manufacturer
- Charleston ranks 4th in the nation among the largest container seaports; 84,500+ entries annually; 75 custom house brokers; major commodities include human foods, house wares, medical devices

Contracts, Partnerships & Local Activities:

State Contracts

South Carolina Department of Agriculture

- Conducts inspections of food manufacturers for sanitation.

South Carolina Department of Health & Environmental Controls

- Conduct inspections of mammography and soft drink/bottled water facilities.

Local Activities

- South Carolina Interagency Food Safety and Defense Council

Food and Drug Administration Fact Sheet – South Dakota

FDA Presence:

- 2 FDA employees in South Dakota
- Resident Post: Sioux Falls
Reports to: Minneapolis District, Minneapolis, Minnesota
Reports to: Central Region, Chicago, Illinois

Industry Presence in State – 1,134 FDA-regulated establishments

- Animal drug and feed establishments - 45 percent
- Food establishments - includes cosmetics - 41 percent
- Medical device and Radiological establishments - 8 percent
- Human Drug establishments - 4 percent
- Biologic establishments - includes blood banks – 2 percent

Imports:

- There is one active port of entry in the State of South Dakota.
- FDA regulated import entries are primarily food, food additives, cardiovascular and radiological devices.
- The SD FDA regulated import entries are handled out of the Minneapolis District FDA office.

Industry Highlights:

- Agriculture: Ranks second in the production of alfalfa hay, sunflowers, and flaxseed.
- Other key crops/products include durum wheat, spring wheat, winter wheat, all wheat, corn, all other hay, sorghum, soybeans, oats, proso millet, and honey.
- Cattle and sheep ranching are also a significant parts of the State's economy.

Contracts:

State Contracts

South Dakota Department of Agriculture

- Conduct GMP inspections of licensed feed mills, and BSE inspections of licensed and unlicensed feed facilities.
- Conduct follow up investigations of first time violators of tissue residues in food animals.

South Dakota Department of Environment and Health

- Conduct inspections of mammography facilities.

Food and Drug Administration Fact Sheet – Tennessee

FDA Presence:

- 63 FDA employees in Tennessee
- Office/Resident Posts: Nashville, Chattanooga, Knoxville and Memphis, who
Report to: New Orleans District (currently located in Nashville, TN), who
Reports to: Southeast Region, Atlanta, Georgia

Industry Presence in State – 3,148 FDA-regulated establishments

- Medical device and radiological establishments - 30 percent
- Food establishments - includes cosmetics – 40 percent
- Human drug establishments - 15 percent
- Biologic establishments - includes blood banks - 5 percent
- Animal drug and feed establishments - 10 percent

Industry Highlights:

- Memphis import operation works around the clock to review entries of regulated products for Fed-Ex, the nation's largest overnight courier service. In FY '08, Memphis reviewed over 248,579 entry lines of FDA-regulated commodities. Import operations covers 20 ports in the four state areas.
- Major medical research centers at universities and hospitals in Memphis and Nashville
- One national biologics testing laboratory and several regional blood banking operations
- Major oral antibiotic manufacturer
- 2 major implantable device manufacturers
- Rapidly expanding freshwater prawn/shrimp industry
- 10 Paddlefish roe (domestic caviar) processors
- Industry in the Nashville area was affected by massive flooding in May 2010, and is still recovering.

Contracts & Partnerships:

State contracts

Tennessee Department of Agriculture

- Conduct sanitation inspections of food manufacturers
- Conduct BSE/ feed mill inspections

Special Programs

Tennessee Food Safety Task Force, since 2002. The TN Departments of Agriculture, Inspection & Veterinary Services; TN Department of Health Epidemiologist; TN Department of Education; Univ. of TN Agricultural Extension

Service and several industry representatives meet quarterly for program planning and information sharing.

Food and Drug Administration Fact Sheet – Tennessee

FDA Presence:

- 64 FDA employees in Tennessee
- Office/Resident Posts: Nashville, Chattanooga, Knoxville and Memphis, who
Report to: New Orleans District (currently located in Nashville, TN), who

Food and Drug Administration Fact Sheet - Texas

FDA Presence:

- 184 FDA employees in Texas
- Import Resident Posts: Dallas-Fort Worth International Airport, Houston Seaport/Airport, Yselta/El Paso, Laredo/Columbia/Lincoln-Juarez, Eagle Pass/ Del Rio, Rio Grande City, Pharr, Brownsville, San Antonio
Report to: Southwest Import District (SWID) (55 employees in Texas),

Dallas

- Report to: Southwest Region, Dallas
- Domestic Resident Posts: Austin, El Paso, Houston, Ft. Worth, San Antonio
Report to: Dallas District (99), Dallas
Report to: Southwest Region (25), Dallas
- Office of Regulatory Affairs HQ (1) and Office of Shared Services/Office of Information Management (12)

Industry Presence in State – 9,426 FDA-regulated establishments

- Food establishments - includes cosmetics – 48 percent
- Medical devices and Radiological establishments – 20 percent
- Human drug establishments –12 percent
- Animal drug and feed establishments – 16 percent
- Biologics establishments - includes blood banks – 4 percent

Industry Highlights:

- Seafood – Texas Gulf Coast is the home of numerous seafood firms.
- Imports into Texas – The Southwest Import District (SWID) receives approximately 3,279,038 line entries for fiscal year 08 through Texas ports of entry. Primary products are fresh produce, seafood, processed foods, and medical devices.
- Human Drugs and Medical Devices – Texas is the home of Alcon, Allergan, Abbott, Hoechst-Celanese, Mentor, Hospira and Cyberonics.
- The Texas Panhandle has a large number of feedlots, slaughter facilities, and rendering operations.

Contracts, Partnerships & Local Activities:

State Contracts (all with the Texas Department of State Health Services)

- Conduct inspections for food sanitation.
- Conduct inspections for milk safety
- Conduct inspections for reported violative residue in food animals at slaughter.
- Conduct inspections of mammography facilities.
- Conduct medical device inspections

State Partnerships and Cooperative Agreements

Texas Department of Health

- Examine, sample & test imported foods, cosmetics, drugs & medical devices and take appropriate action.
- Conduct inspections of medical gas and OTC drug manufacturers and repackers.
- Examine, sample & test imported foods, cosmetics, drugs & medical devices and take appropriate action.
- Conduct inspections of new x-ray assemblies and re-assemblies.
- Coordinate inspections of dairy manufacturing facilities.
- New: Texas received a Rapid Response Team grant

Office of the Texas State Chemist – Feed and Fertilizer Control Service

- Coordinate inspections of animal feed production and compliance with BSE rule consumer education outreach to diverse constituents.

Southwest Import District Public Affairs Specialist primary focus is on import issues. SWID PAS conducts education and outreach to the import industry, state, and other government officials and supports border health programs. Dallas District Public Affairs Specialists respond to consumers and media inquires and conduct consumer education outreach to diverse constituents, including a large number of Hispanics.

Food and Drug Administration Fact Sheet – Utah

FDA Presence:

- 11 FDA employees in Utah
- Salt Lake City Resident Post reports to Denver District Office in Denver, Colorado
- Denver District Office reports to Southwest Regional Office in Dallas, Texas

Industry Presence in State - 1,270 FDA-regulated establishments

- Food establishments - includes cosmetics - 38 percent
- Medical device and radiological establishments - 27 percent
- Human drug establishments –19 percent
- Animal drug and feed establishments – 11 percent
- Biologic establishments - includes blood banks - 5 percent

Industry Highlights:

- Agriculture is dependent on irrigation, and more than three-fourths of farm income is from livestock and livestock products. Hay is the most important crop, followed by wheat, barley, and corn (maize).
- Following the national trend, farm employment and the number of farms in Utah have declined since 1960, but productivity has increased. Almost three-fourths of Utah's farm income comes from livestock products, the remainder from field crops, fruit, and canning crops.
- Utah has a thriving biotechnology and medical device manufacturing industry and is home to several of the nation's largest disposable device manufacturers.
- In eastern Utah petroleum production is a major industry. Near Salt Lake City, petroleum refining is done by a number of oil companies. In central Utah, coal production accounts for much of the mining activity.
- Tourism is a major industry in Southern Utah, with Utah's five national parks (Arches, Bryce Canyon, Canyon lands, Capitol Reef, and Zion) and many other attractions. In Moab, mountain biking is a popular sport. Utah is also noted for its ski resorts, near Salt Lake City, Park City, Ogden, Provo, and Cedar City.
- Imports into Utah - The Southwest Import District (SWID located in Dallas) received 6,390 entry lines for fiscal year 2010. Primary products are cosmetics and medical devices. Imports assignments issued by SWID are handled by Denver district staff.

Contracts, Partnerships & Local Activities:

State contracts

Utah Department of Health

- Conduct inspections of mammography facilities.

Utah Department of Agriculture and Foods, Regulatory Services

- Conduct inspections of feed mills for medicated feed and BSE
- Conduct 100 inspections of food firms

State Partnerships

Utah Department of Agriculture & Food, Utah Department of Health and Industry

- Support the Utah Egg Quality Assurance Plan to ensure quality and safety of shell eggs.

Utah Department of Environmental Quality

Conduct inspections of new x-ray assemblies or re-assemblies.

Food and Drug Administration Fact Sheet – Vermont

FDA Presence:

- Seven FDA employees in Vermont
- Border Station: High gate Springs
Reports to: New England District, Stoneham, Massachusetts, who
Reports to: Northeast Region, Jamaica, New York

Industry Presence in State – 595 FDA-regulated establishments

- Food establishments - includes cosmetics – 71 percent
- Medical Device and Radiological establishments – 13 percent
- Human drug establishments – 8 percent
- Animal drug and feed establishments – 6 percent
- Biologic establishments - includes blood banks – 2 percent

Industry Highlights:

- Vermont has 6% of the District's Official Establishment Inventory of FDA-regulated firms with a concentration in the food area.

State Contracts and Partnerships:

State Contracts

Vermont Department of Agriculture

- Conduct follow-up inspections/investigations of violative drug tissue residues in food animals at the time of slaughter. All inspections covered BSE.

Vermont Department of Health

- Conduct inspections of mammography facilities.
- Conduct food sanitation inspections and juice Hazard Analysis and Critical Control Point (HACCP) inspections.
- Participate in FDA's Manufactured Food Regulatory Program Standards

Food and Drug Administration Fact Sheet – U.S. Virgin Islands

FDA Presence:

- One FDA employee in U.S. Virgin Islands
- Resident Post: St. Thomas
Reports to: New England District, Stoneham, Massachusetts, who
Reports to: Northeast Region, Jamaica, New York

Industry Presence in State – 76 FDA-regulated establishments

- Food establishments - includes cosmetics – 74 percent
- Medical device and radiological establishments – 8 percent
- Human drug establishments – 14 percent
- Biologic establishments - includes blood banks - 3 percent
- Animal drug and feed establishments – 1 percent

Industry Highlights:

- Small businesses employ almost 60 percent of the workforce and account for approximately 40 percent of the gross domestic product
- Two dairy farms.
- Charlotte Amalie is a major port for cruise ship stops.
- There is one International Mail Facility located in St. Thomas.
- Dutch Import laws in effect

Contracts and Partnerships:

State Partnerships

- FDA's San Juan District work, through our partnership with USVI Health Department, resulted in the adoption of two food safety laws in 2004: the Pasteurized Milk Ordinance and a modern Food Code. PMO is in abeyance.
- San Juan District has promoted the use of the experts within the Commonwealth of Puerto Rico to assist USVI in the adoption of new laws and in establishing a milk certification laboratory.
- The Commonwealth has provided training to USVI technologists on milk sampling and analyses, and agreed to analyze USVI's milk samples until USVI's milk certification lab is operational.
- Partnerships with the Departments of Health and Licensing and Consumers' Affairs to provide training on inspection techniques for inspectors.
- Negotiating establishment of MOU with the USVI Department of Health for granting of embargo power to FDA in case of emergencies.

Local Activities

The District's Public Affairs Office has developed and/or conducted:

- Food Defense/ALERT Outreach for Food Retailers and State Inspectors
- A brochure on Food Safety during emergencies
- Training on food safety
- Conference on diabetes and women
- Campaign on generic drugs

Food and Drug Administration Fact Sheet – Virginia

FDA Presence:

- 34 FDA employees in Virginia
- Resident Posts: Falls Church, Portsmouth, Richmond, and Roanoke
Report to: Baltimore District, Baltimore, Maryland
Reports to: Central Region, Chicago, Illinois

Industry Presence in State – 3.360 FDA-regulated establishments

- Food establishments - includes cosmetics – 55 percent
- Medical device and Radiological establishments – 25 percent
- Human drug establishments - 8 percent
- Animal drug and feed establishments - 8 percent
- Biologic establishments - includes blood banks – 4 percent

Industry Highlights:

The industry in the state is very diverse and representative of the FDA national inventory including large, medium and small firms active in all FDA regulated product lines.

- Seafood
- Federal Food Service facilities
- Biotechnology firms
- Headquarters of the largest blood supplier in the United States.
- Imported products via the ports of Norfolk/Newport News and Dulles International Airport

Contracts & Partnerships:

State Contracts

Virginia Department of Agriculture and Consumer Services

- Conduct 3 inspections of feed mills
- Bovine Spongiform Encephalopathy (BSE): Contract includes 97 inspections of feed manufacturers, retail operations, haulers
- Food/Seafood: Contract includes 485 inspections of food/seafood manufacturers, repackers, distributors, and warehouses

Virginia Department of Health

- Conduct inspections of mammography facilities.

State Partnerships

Virginia Department of Agriculture and Consumer Services

- Collect and analyze food commodities grown for pesticides and industrial chemicals.

Virginia Department of Health Professions

- Conduct testing of new and re-assembled x-ray equipment.

Food and Drug Administration Fact Sheet – Washington

FDA Presence:

- 203 FDA employees in Washington
- Resident Posts: Blaine, Seattle, Spokane, Oroville, and Tacoma
Report to: Seattle District: Bothell, WA who
Reports to: Pacific Region: Oakland, California
- Pacific Northwest Regional Laboratory: Bothell, who reports to Pacific Region

Industry Presence in State – 5,192 FDA-regulated establishments

- Food establishments - includes cosmetics – 67 percent
- Medical device and Radiological establishments – 16 percent
- Human drug establishments – 6 percent
- Animal drug and feed establishments – 9 percent
- Biologic establishments - includes blood banks – 2 percent

Industry Highlights:

Washington leading industries include dairy, fruit, biotechnology, and medical devices. Washington ranks in the top 5 nationwide in production of 29 different agricultural products. One of the largest and most diversified food and agricultural exporters.

Contracts, Partnerships & Local Activities:

State Contracts:

Washington Department of Agriculture

- Conduct inspections for food sanitation.
- Conduct investigations of reported violative residues in food animals at the time of slaughter.
- Conduct BSE inspections.

Washington Department of Health

- Conduct inspections of mammography facilities. Conduct inspections of new X-ray assemblies or re-assemblies.

State Partnerships

Washington Department of Agriculture

- Coordinate the regulation for food safety by work sharing, data sharing and educational exchange, including all current and future inspectional and sampling contracts.
- Coordinate the regulation of the fish and fishery products processing industry.
