This document lists observations made by the FDA representative(s) during the inspection of your facility. They are inspectional observations, and do not represent a final Agency determination regarding your compliance. If you have an objection regarding an observation, or have implemented, or plan to implement, corrective action in response to an observation, you may discuss the objection or action with the FDA representative(s) during the inspection or submit this information to FDA at the address above. If you have any questions, please contact FDA at the phone number and address above.

DURING AN INSPECTION OF YOUR FIRM WE OBSERVED:

OBSERVATION 1

An environmental test for SE was not done for each poultry house as required.

Specifically, on 5/3/11 and 5/4/11, during the review of your environmental sampling records you failed to provide environmental sample results for house #2 when the laying hens were 40-45 weeks of age. You were unable to provide records because you failed to take environmental samples in house #2 when the laying hens were 40-45 weeks of age, as required by the regulation.
