I am asking you to grant Farm Sanctuary our Petition to prohibit the slaughter of downed animals, DOCKET NO. 98P0151 CPL. When sick animals are injured or have broken parts or have to be towed in. Please do not send them to the Slaughter house, that form of cruelty is terrible.

Mad cow disease is another disaster just waiting to happen like it did in the UK animals had to be killed from that ordeal. The animals need better care Veterinarians should be there to give the animals care for injured ones in transport.

I hope your office will administer these practices in effect.

Thank you,

Orville Boothman
