December 18, 2001

To Whom It May Concern:

Please accept this request to participate in the newly announced Pilot Project for the Patient Profile Viewer.

Whitehall-Robins has now submitted three electronic NDAs, which included all components for the Item 11 (CRT) requirements. A fourth e-NDA will be submitted towards the end of February 2002. We are willing to submit several CRT datasets as needed for testing.

Thank you for your consideration in this project.
