Almay Luxury Finish Loose Powder, Beige	lecithin	"On the basis of the animal and clinical data presented in this report, the Expert Panel concluded that Lecithin and Hydrogenated Lecithin are safe as used in rinse-off products, safe for use in leave-on products at concentrations (less than or equal to) 15%, and that the data are insufficient to determine the safety for use in cosmetic products where Lecithin or Hydrogenated Lecithin are likely to be inhaled. Lecithin and Hydrogenated Lecithin should not be used in cosmetic products in which N-nitroso compounds may be formed," CIR at 136.
