Director of the United States Patent and Trademark Office

JUN 23 2004

Dear Acting Director Dudas:

This is in regard to the patent term extension application for U.S. Patent No. 5,006,528 filed by Otsuka Pharmaceutical Company, Ltd. under 35 U.S.C. § 156. The patent claims Abilify (aripiprazole), NDA 21-436.

In the November 26, 2003, issue of the Federal Register (68 Fed. Reg. 66449), the Food and Drug Administration published its determination of this product's regulatory review period, as required under 35 U.S.C. § 156(d)(2)(A). The notice provided that on or before May 24, 2004, 180 days after the publication of the determination, any interested person could file a petition with FDA under 35 U.S.C. § 156(d)(2)(B)(i) for a determination of whether the patent term extension applicant acted with due diligence during the regulatory review period.

The 180-day period for filing a due diligence petition pursuant to this notice has expired and FDA has received no such petition. Therefore, FDA considers the regulatory review period determination to be final.

Please let me know if we can provide further assistance.

Sincerely yours,

Jane A. Axelrad
