Dear CFSAN:

Pursuant to Section 403(r)(6) of the Federal Food, Drug and Cosmetic Act and Section of 101.93 of FDA's regulations, we hereby notify you that we are using the following statement(s):

**(1) Name of Address of distributor:**

Jarrow Formulas, 1824 South Robertson Blvd., Los Angeles, CA 90035

**(2) Text of the statement(s):**

Pantothenic Acid is a water-soluble B vitamin typically found in meat, eggs, legumes, mushrooms, broccoli and royal jelly. In the body, pantothenic acid is concentrated in the liver, adrenal gland, kidney, brain, and heart. Pantothenic acid is utilized by cells to synthesize Coenzyme A (CoA), which is essential for the production of energy via the Krebs Cycle. Pantothenic acid is also involved in intracellular protein metabolism and supports the wound healing process. Alcohol reduces pantothenic acid in tissues and impairs its metabolism.

**(3) Name of the dietary ingredient(s) if not provided in the text of the statement:**

Pantothenic Acid (from d-Calcium Pantothenate)

**(4) Name of the dietary supplement(s)**

Pantothenic Acid 500 mg • 100 capsules

**(5) The following disclaimer appears on the label in bold:**

**These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure or prevent any disease.**

These claims are limited to, and a result of, what we believe to be a substantial body of scientific evidence supporting the functional role of these nutrients.

Respectfully submitted,

Siddharth Shastri  
Vice President, Product Development
