 Keep in a dry cool place.*

Herbal Supplement
Damiana

Whole Phytocomplex Concentrate
 Freeze-Dried Extract Micronized Plant Powder

198 mg per capsule

Damiana (*Turnera aphrodisiaca*) is known for its tonic properties that help maintain a healthy nervous system.*

This plant is carefully selected by Aboca adhering to the strictest protocols. Systematic quality controls implemented throughout the entire production process and analytical testing performed on raw material and finished product validate the safety and effectiveness of this herbal supplement.

Though arbutin is considered one of the main ingredients of Damiana, many other plant components contribute to the herb's efficacy. That is why Aboca has developed the exclusive W.P.C. (Whole Phytocomplex Concentrate) is a combination of the freeze-dried extract with micronized powder from the same portion of the plant, to assure maximum bioavailability, optimum concentration of active principle and the full-spectrum of constituents.

The result is a product with uniform content of arbutin without the use of excipients, colorings, flavorings, or preservatives. GMO free.

*This statement has not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure or prevent any disease.
