Dear Sir/Madam,

Pursuant to Section 6 of the Dietary Supplement Health and Education Act of 1994, NutraGenics, Inc. wishes to notify the Food and Drug Administration that it has, within the past 30 days, commenced marketing a dietary supplement which bears a statement of nutritional support.

The dietary supplement for which the statement is made is Vitenol-E™. The statements of nutritional support reads as follows:

- **Vitamin E has been shown to inhibit oxidation of LDL-cholesterol and protect arterial walls from damage.**
- **In addition, some tocotrienols, depending on the type, are responsible for significantly reducing levels of LDL-cholesterol in the blood.**

This statement is accompanied by the required disclaimer which is prominently displayed in bold-faced type.

This statement of nutritional support is based on a large body of data which, in our judgment, renders these statements substantiated, truthful and non-misleading.

Sincerely,

Bill Joy
