NUTRITIONALS, HSF-450

Dear Dr. Yetley,

On February 5, 1996, Natural Organics, Inc. introduced ten formulas which display structure and function claims on the label. Each formula is labeled with the mandatory FDA disclaimer. The product name and claim are as follows:

Phytoxy-Actin

A dietary supplement designed to nutritionally support the body's natural free radical defense systems.

LaxActin

A dietary supplement designed to nutritionally support the bodies natural elimination processes.

AquaActin

A dietary supplement designed to nutritionally support the body's normal water balance.

SlumberActin

A dietary supplement designed to nutritionally support normal sleep patterns.

ProstActin

A dietary supplement designed to nutritionally support a healthy prostate gland.

AspirActin

A dietary supplement designed to nutritionally support the body's normal adaptogenic function.

975-0162

LET 175
44792

PowerActin

A dietary supplement designed to nutritionally support the body's normal energy production processes.

\ *MemorActin*

A dietary supplement designed to nutritionally support normal brain function.

FemActin

A dietary supplement designed to nutritionally support general well-being.

InflamActin

A dietary supplement designed to nutritionally support the body's normal adaptogenic function.

Natural Organics can substantiate each of the above claims with the appropriate documentation and retains this information in permanent files.

If you should have any questions please do not hesitate to contact me.

Sincerely,

James Gibbons

Director of Research and Development
