Dear Mr. Moore,

Thank you for your phone call today. The following pages contain structure/function claims for products manufactured by or for the Weider Nutrition Group. There is one claim per page. The cited references are on file in our offices here in Salt Lake City. These products either have been marketed (and the claim newly added to labels), or will be marketed within 75 days of this date. The disclaimer, as discussed in DSHEA guidelines, is appropriately displayed on product labels, as is identification of the product as a dietary supplement..

If you have further questions or comments, please feel free to contact me anytime.

Sincerely,

A handwritten signature in cursive that reads 'Luke R. Bucci'.
