Please be advised that Jarrow Formulas, Inc. is marketing a product containing a "Structure and Function" statement on the label. According to the notification requirements set forth by the DSHEA (Dietary Supplement Health and Education Act, 1994) legislation, please be advised of the following:

**Name of Product:** Inositol, 227 grams powder

**Active Ingredient(s):** Inositol

**Claim(s):** "Crystalline Powder for Proper Fat Metabolism and Cellular Efficiency." Food sources of inositol are found in plants, as phytic acid, and meats.

**The following disclaimer appears on the label:** These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure or prevent any disease.

These claims are limited to, and a result of, what we believe to be a substantial body of scientific evidence supporting the functional role of these nutrients. A compendium of relative published research substantiating the above statement(s) is on file at the corporate office.

Respectfully submitted,

Siddharth S. Shastri, B.A., C.C.N.

Director of Product Development

**Suggested Usage:** As a dietary supplement, take 1/4 teaspoon, preferably dissolved in fluid, or as directed by your qualified health consultant.

**Inositol** is the common name of myoinositol, the only form of inositol utilized by the body as a nutrient. Inositol is involved in the glucuronic acid and pentose phosphate pathways that are responsible for products such as glucose, glucuronolactone and water. A common biologically active form of inositol is phosphatidylinositol, a phosphatide found in cell membranes. Food sources of inositol are found in plants, as phytic acid, and meats. **Jarrow Formulas' Inositol is a vegetarian product.**

These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure or prevent any disease.

**Jarrow FORMULAS™**

**INOSITOL**

**Crystalline Powder  
for Proper Fat Metabolism  
and Cellular Efficiency**

**Pharmaceutical Grade  
227 Grams (8 oz) Powder**

Each 1/4 teaspoon contains:  
**Inositol** ..... 600 mg  
**Pure crystalline powder**
