

**NOTIFICATION PURSUANT TO
SECTION 6 OF DSHEA**

6 2 9 8 ' 9 8 SEP 21 P 1 54

In compliance with Section 6 of the Dietary Supplement Health Education Act (DSHEA) and Rule 21 C.F.R. 101.93, this Notification is filed on behalf of the following manufacturer of **Muscle Tribe™ Creatine Product #50000 & #51895** bearing the statements set out below:

**Weider Nutrition International., Inc.
2002 South 5070 West
Salt Lake City, Utah 84104**

The text of each structure-function claim for **Creatine monohydrate powder** is as follows:

(Statement 1) Creatine Monohydrate supports the rapid resynthesis of ATP - the body's energy fuel. In addition to optimizing ATP levels, MUSCLE TRIBE'S Creatine Monohydrate supports the hydration of muscle cells resulting in improved performance. To maintain workout intensity and optimize workout recover, take MUSCLE TRIBE™ Creatine Monohydrate.

(Statement 2) As most athletes know, intense muscular activity quickly depletes ATP - the end result being fatigue and slow recover. Maintenance of the appropriate ATP levels can be achieved by tapping the reservoir of bioenergetic fuel known as Creatine Phosphate (CP). In addition to optimizing ATP levels, Muscle Tribe's Creatine Monohydrate supports the hydration of muscle cells, resulting in cell volumizing. To maintain the level, intensity and benefit of you workouts -- take Muscle Tribe's Creatine Monohydrate, the CP precursor.

I, Luke R. Bucci, Ph.D., CCN, CNS, Vice President of Research at Weider Nutrition International., Inc. am authorized to certify this Notification of behalf of the Company. I certify that the information presented and contained in this Notification is complete and accurate and that the Office of Regulatory Affairs at Weider Nutrition International, Inc. has substantiation that each statement is truthful and not misleading.

DATED this 8th day of September, 1998.

WEIDER NUTRITION INTERNATIONAL, INC.
